Plastic

Food

Textile

15:30 – 16:00 **Rapporteurs' Presentation on the Outcomes**

Change of the Venue: Trattoria Da Antonio, ul. Zurawia 18

16:30 – 18:00 **World Café**

Facilitated by Ms Kristina MODÉE, Team Leader Sustainable Lifestyles, Collaborating Centre on Sustainable Consumption and Production (CSCP)

The World Café method would provide a space for sharing opinions on specific topics via rounds of conversation for the small group seated around a table.

The discussion will happen in 2 rounds and each table will have a table “host” who will facilitate the discussion.

At the end of the first round, each member of the group will move to a different new table where the table “host” will briefly fill the participants on what happened in the previous round.

After the small groups (and/or in between rounds, as needed), individuals are invited to share insights or other results from their conversations with the rest of the large group. These results are reflected visually in a variety of ways, most often using graphic recording in the front of the room.

18:00 onwards **Cultural Performance & Dinner @Trattoria Da Antonio, ul. Zurawia 18**

Asia-Europe Pathways Towards Responsible Consumption and Production: From Linear to Circular Economy
