ABOUT THE WORKING GROUP SESSIONS

1. Participants will be divided into 3 Working Groups. They will remain in the same Working Group that will meet over four sessions, to enable them to engage in more in-depth exchange on the issues covered by each Working Group.
2. Participants will be consulted at the first session of each Working Group on the list of items to be discussed, and modifications to the list will be made accordingly.
3. Each Working Group will have a designated Facilitator who will steer and guide the discussions at each session. The Facilitator is tasked to manage the discussion with maximum efficiency, with a view both towards ensuring a good exchange of perspectives and producing a set of recommendations.
4. Each Working Group will select/appoint a Rapporteur from amongst themselves. The Rapporteur shall be responsible for capturing the main points of discussion and recommendations at each session, for all sessions.
5. Each Working Group's Rapporteur and Facilitator shall draft the Report of the Working Group. Each Working Group's Facilitator will make a 10-minute presentation of its Report at the fifth and final Plenary Session.
6. The General Rapporteur designated by the Conference organisers will facilitate the working process and provide guidance to the Facilitator and Rapporteur of each Working Group.
7. The General Rapporteur will compile the reports of all three Working Groups and draft the General Report of the Conference.

The Working Groups have been assigned the following topics:

- | | |
|--------------------------|---|
| Working Group I | Sustainable Energy and Climate Change |
| Working Group II | Environmental & Sustainable Development Education |
| Working Group III | Evaluating the Impact of the Millennium Development Goals |
