New deadline for the Call for applications / The Asia-Europe Comics Project

**Organised by the Asia-Europe Foundation
To be held in the sidelines of the International Comics Festival, Brussels**

The comics genre has untapped potential to further cross-cultural understanding. Through the use of a common visual language, we can use the comics as a vehicle to raise greater awareness in Asia about Europe and vice versa, and to relate encounters among the regions' peoples. **Asia-Europe Foundation** proposes to initiate a collaborative process between Asian and European creators, leading to successive comics publications on such encounters and shared concerns between the two regions.

New DEADLINE: 31 October 2005, 12pm
