

ASEF Green Action

Four years ago, the HKD0.50 environmental levy for plastic shopping bags was put into effect, and while many consumers have switched to bringing their own reusable shopping bags when making purchases, the overall use of plastic bags remains high. With the support of the Asia-Europe Foundation (ASEF), the Joint College Environmental Innovation Alliance (JCEIA) have organized a series of events, ASEF Green Action in Hong Kong, aimed at increasing awareness of the harmful effects of plastic on the environment.
