ASIA-EUROPE PARTNERSHIP IN THE FIELD OF TRAININGS

Asia-Europe Training for Trainers
Middle and Long-Term Youth Voluntary Service as a Tool for Community Development in Asia and Europe
Tokyo, Japan
11 – 17 February 2009

FACT SHEET

BACKGROUND

The Asia-Europe Foundation aims to build on the training expertise of long-standing Asian and European youth organisations in order to allow for a beneficial exchange of practice and peer-to-peer training. The Asia-Europe series of trainings aim at the creation of an Asia-Europe platform for the joint development of the Asia-Europe co-operation in the field of youth trainings related to non-formal education. The establishment of a stable co-operation in the field of trainings and capacity-building for youth organisations forms a part of ASEF’s efforts to foster intercultural dialogue.

The project reflects the intention of youth organisations to create spaces for exchanges of practice as well as building training expertise for both the Asian and the European side and aims to strengthen the role played by youth organisations and institutions from Asia and Europe that are involved in Middle and Long Term Youth Voluntary Service projects designed to serve the Development of Local Communities.

This ongoing training series reflects the continuation of the Asia-Europe Training for Trainers working group held in Estonia in 2007, which focused on the practice of coordinating Middle and Long-Term Voluntary Service (MLTV) throughout Asia and Europe. As a result of this working group, the value of providing an opportunity for young trainers and facilitators from diverse cultural backgrounds to exchange their experience and expertise was realised and acknowledged.

INTRODUCTION

The Asia-Europe Training for Trainers is co-organised by the Asia-Europe Foundation (ASEF) and the Never-ending International workCamps Exchange (NICE), the Network for Voluntary Development in Asia (NVDA) and the Alliance of European Voluntary Service Organisations (Alliance), in close partnership with the Co-ordinating Committee for International Voluntary Service (CCIVS) and International Cultural Youth Exchange (ICYE) will take place in Tokyo, Japan, from the 11th to the 17th of February 2009.

WHAT IS ASEM?

The Asia-Europe Meeting (ASEM) was initiated in 1996 when the ASEM leaders met in Bangkok, Thailand. ASEM is an informal trans-regional platform for dialogue and co-operation between the two regions and has arisen out of a mutual recognition that the relationship between Asia and Europe needed to be strengthened in light of the challenges and opportunities of the 21st century.

The objective of ASEM is to forge a stronger partnership between Asia and Europe that is based on equality, mutual respect, and mutual benefit. The three pillars of the ASEM dialogue process – which extends beyond the political and official levels and encompasses the business and people sectors of the two regions – are political dialogue on regional and global issues, enhanced economic cooperation, and cooperation in the social, cultural, and educational fields.
