Indian dance and new media events promote Asia-Europe dialogue

More than 50 artists from Asia and Europe will be taking part in two events in India for a bi-regional dialogue on arts and culture. Brought together with the support of the Asia-Europe Foundation (ASEF), they will take part in two events: the *Ignite! Contemporary Dance Festival* in the capital New Delhi (10-13 November) and the travelling new media residency programme, M.A.P. (Mobile Artistic Platform), in Bangalore, the country's IT hub (12-15 November).

Ignite!, one of India's few festivals dedicated to contemporary dance, comprises of master classes, film screenings, exhibitions and workshops which address challenges in contemporary dance practice faced by dancers in both regions. It is organised by the Gati Dance Forum, a non-profit organisation created and run by independent dancers and choreographers.

In M.A.P., six artists will research issues concerning sustainable tourism, cross-cultural exchange and hospitality by travelling to different locations in South India. They will present their findings as well as the jointly-created artworks inspired by their travels over a two-day session of public talks, screenings and performances from 12-15 November at local independent arts space 1Shanthi Road in Bangalore. M.A.P. is organised by artist network Reloading Images in collaboration with arts and media organisation Maraa.

Both events are supported by ASEF under its Asia-Europe Cultural Partnership Initiative. The Initiative supports projects by Asian and European organisations in the fields of film, new media and performing arts that promote cultural understanding between the two regions through collaborations and exchanges between artists.

Ms Anupama SEKHAR, from ASEF's Cultural Exchange Department, will share ASEF's long experience in supporting capacity building and networking in the field of arts and culture in Asia and Europe at these events. For more information, please see attached programme briefs.
