

A Quest for Sustainable Development Goals for Asia and Europe

Presentation of the study on Sustainable Development Goals and Indicators

The Asia-Europe Foundation (ASEF) and the Institute for Global Environmental Strategies (IGES) kindly invite you to the side event on: "A Quest for Sustainable Development: Goals for Asia and Europe".

Based on a recently completed research, the presentation will introduce a set of possible SDGs for post-2015 development agenda, followed by associated targets and indicators.

Expert Commentators will join the discussion on the research outcomes focusing on: means of implementation; possible capacity gaps; and the role of media in communicating SDG-related issues.
