

Sexual & Reproductive Health Rights

SDGs and the way forward.

47%

**of girls are married before
age 18 in South Asia.**

61-80%

**of women with no education lack
sexual autonomy.**

40%

of pregnancies worldwide
are unintended.

1

Back to Basics: SRHR

Right of all individuals to make decisions concerning their sexual activity and reproduction free from discrimination, coercion, and violence

When and with whom to engage in sexual activity, to marry and to have children

2 Inter-dependency

SRHR & the SDGs

Gender Equality

Education

Overall Health

Eco Opportunities

Environment

3

Ways forward

1 Gender-Power-Rights back at the core

2

Reconcile research and policy

Calvin and Hobbes

By Bill Watterson

3 Target hard to reach groups

4 In Conclusion

1

**Gender-
Power-Rights**

2

**Reconcile
research
and policy**

3

**Target
hard to reach
groups**
