

Hackathon Solutions Pitching (14 November 2021) & Awards Ceremony (15 November 2021)

Programme

The [23rd ASEF Summer University \(ASEFSU23\)](#) is an interdisciplinary Hackathon on “*Liveable Cities for a Sustainable Future*” for Asian and European young professionals & students. Implemented as a virtual programme between September and November 2021, this project connects over 90 young hackers, designers, innovators, urban planners and SDG experts from 39 countries to collaborate & develop urban solutions in three of the most populated countries in [ASEM](#): Bangladesh, India & Pakistan. 3 different challenges were given to the 12 Hackathon teams:

- Bangladesh (SDG11, SDG12 & SDG13): Creating Clean Cities: Tackling Urban Waste Management.
- India (SDG3 & SDG11): Creating Healthy Cities: Tackling Obesity among Children.
- Pakistan (SDG4, SDG8 and SDG11): Creating Accessible Cities: Enhancing Urban Mobility

Read more about the participants [here](#).

On **Sunday, 14 November 2021 at 10:00 UTC**, the participants will be pitching their final solutions to a panel of judges. There will be 1 winner per country challenge, as well as an Audience Choice Award.
