 - A citizen of any of the eligible [Asian and European countries](#) *
 - Between the ages of 18-30 years old
 - A young professional, entrepreneur or student
 - Excellent command of English (written and verbal)

**All ASEF projects are implemented in line with the decision of the ASEF Board of Governors.*
- 6. What are the selection criteria?**

When assessing applicants and selecting potential candidates, ASEF and its partners will particularly look out for:

 - Originality of the motivational statement and quality of written answers
 - Demonstrated experience in community and societal leadership
 - Current or past extra-curricular (and/or professional) activities that are both relevant for the overall programme and that could enrich the diversity of expertise and perspectives of the overall participant group.

We aim to select a group with diversity in nationality, gender and expertise.

The Open Call and the screening process adopt a non-discriminative approach ensuring a balanced geographic representation, gender balance and fair access to all.

In doing so, the organisers do not discriminate any applicant or participant on the basis of his or her race, national origin (ancestry), colour, gender identity or expression, sexual orientation, pregnancy, disability, religion (creed), marital status, or age.

What do I need?**

We require all selected Participants to be prepared in the 3 following areas:

It is crucial to the outcomes and design of the programme that Participants make a commitment to be present for all Phases of the Programme. Please review the proposed dates we have shared in the Programme Overview. As there will be assignments and research, Participants must ensure they can allocate sufficient time to meet the learning objectives.

The programme is primarily virtual during two phases. Hence, it is necessary that participants have accessibility to teleconferencing facilities (working laptop/desktop, webcam & microphone) with stable internet connectivity.

- 15. What will the challenges be during the 'Leadership in Action' phase?** The challenges will be proposed by companies and organisations as real-life problems that they are working to tackle and find solutions for. The Challenges should be solved using the Design4x methodology, which will be taught through the eLearning materials.
- 16. Do I get to choose which team I will be in or which challenge I get to work on?** The challenges will be presented to all participants during the Knowledge Building Phase, and participants will get to indicate their preferred challenges. The organisers will allocate the teams based on preferences, but also geographical balance within the teams. Each team will have 10-12 participants and will be led by 2 ASEFYLS5 Navigators.
- 17. Who will the Navigators be?** Each team will be led by 2 ASEFYLS5 Navigators, who are ASEFEdu or Partner alumni. The Navigators will receive a training prior to the Knowledge Building Phase. You can [read more about the Navigators here](#).
