ASIA-EUROPE FOUNDATION

The Asia-Europe Foundation (ASEF) promotes understanding, strengthens relationships and facilitates cooperation among the people, institutions and organisations of Asia and Europe. ASEF enhances dialogue, enables exchanges and encourages collaboration across the thematic areas of culture, education, governance & economy, media, public health and sustainable development.

Founded in 1997, ASEF is an intergovernmental not-for-profit organisation located in Singapore. It is the only institution of the Asia-Europe Meeting (ASEM).

Together with partner organisations, ASEF has conducted more than 250 projects, mainly conferences, seminars and workshops. Over 40,000 Asians and Europeans have participated in its activities, and reached a much wider audience through its networks, web-portals, publications, exhibitions and lectures.

01

OUR MANDATE

To promote mutual understanding between Asia and Europe through greater intellectual, cultural and people-to-people exchanges (Dublin Principles).

02

OUR VISION

Our vision is a world in which Asians and Europeans shape the future together, respectfully, fairly, and sustainably.

03

OUR MISSION

We enhance intellectual, cultural, and people to people exchange between Asia and Europe on a peer-to-peer basis, with mutual respect and understanding. ASEF will play its part to maintain the momentum of the two regions through relevant activities.

ASEF 3-Year Strategy 2023-2026

At the 44th BoG in Barcelona, Spain, the new ASEF 3-Year Strategy 2023-2026 was adopted with objectives and lines of actions.

ASIA-EUROPE MEETING

The Asia-Europe Meeting (ASEM) is an intergovernmental process established in 1996 to foster dialogue and cooperation between Asia and Europe.

ASEM addresses political, economic, financial, social, cultural, and educational issues of common interest in a spirit of mutual respect and equal partnership. Its foremost event, the ASEM Summit, is a biennial meeting between the Heads of State and Government, the President of the European Council, the President of the European Commission, and the Secretary-General of ASEAN. In addition, ASEM Ministers & Senior Officials also meet in their respective sectoral dialogues.

The initial ASEM Partnership in 1996 consisted of 15 EU Member States, 7 ASEAN Member States, China, Japan, Korea and the European Commission. Today, ASEM comprises **53 Partners**: 30 European and 21 Asian countries, the European Union and the ASEAN Secretariat.

6

Through its informal process based on equal partnership and enhancing mutual understanding, ASEM facilitates and stimulates progress but does not seek to duplicate bilateral and other multilateral relationships between Asia and Europe.

MESSAGE FROM THE CHAIR OF THE ASEF BOARD OF GOVERNORS

On behalf of the ASEF Board of Governors (ASEFBoG), I would like to extend warm greetings to all.

The past year was a challenging one. As we finally emerged from the COVID-19 pandemic, we were forced to face the consequences of disruption in our lives. After more than 25 years carrying out its mandate to bring the peoples of Asia and Europe closer, **ASEF's role and potential have evolved**. In today's complex and interconnected world, the necessity to build trust and enhance understanding between the peoples of Asia and Europe has been more felt than ever.

Promoting closer ties and relationships between the peoples of both our regions is the foundation that will enable us to navigate through challenging geopolitical landscapes, sometimes marked with uncertainties or even conflicts and war. As we live through an era of growing polarization, we need to know-how to advance multilateralism and leverage a multipolar world, characterized by shifting power dynamics.

ASEF's role contributing to multilateralism cannot be underestimated, while the halt of ASEM process persists. We recognize the pivotal role that track II diplomacy plays in advancing international cooperation to address common global challenges. ASEF is a vital platform in the field as its membership consists of more than 50 countries across Asia and Europe and two regional international organisations, the EU and ASEAN. Therefore, ASEF is instrumental in providing a platform for informal dialogue and cooperation among diverse stakeholders, including government officials, academics, civil society representatives and even business leaders.

ASEF has two key roles to play. On the one hand, as a facilitator of **intellectual dialogue** by contributing to developments across different fields and tackling the notion of exchange between Asia and Europe in a peer-to-peer, mutually beneficial engagement. On the other hand, as a **builder of alliances and stimulator of permanent networks**, by promoting networking and relationship building, leveraging synergies, and pooling resources to expand the reach and impact in the field.

The ASEF Board of Governors reiterated its willingness to strategically strengthen ASEF's position at the centre of intellectual, people-to-people and cultural exchanges between Asia and Europe through the adoption of the **ASEF 3-year Strategy** at the 44th ASEF Board of Governors Meeting in 2023 held in Barcelona, Spain.

The 45th ASEF Board of Governors will take **a further step towards ASEF's future** by conducting in depth discussion on how the ASEF Board of Governors can ensure more effective deliberations among ASEF Members to preserve the momentum for dialogue and cooperation between Asians and Europeans and **elect the 9th Executive Director** and Deputy Executive Director based on the Dublin Agreed Principles.

Let us continue to work together to build bridges between Asia and Europe for a more unified, peaceful, and tolerant world. I look forward to continuing to be part of this journey in 2024.

Mr MD Rais Hasan SAROWER
Chair, ASEF Board of Governors 2024

MESSAGE FROM THE EXECUTIVE DIRECTOR

Reflecting on the journey through 2023, we are looking back to a year full of **challenges and opportunities**.

In our ever-changing world, full of unprecedented challenges such as geopolitical disruption, climate change, emergence of artificial intelligence, and spread of infectious diseases, there are more than ever rich opportunities for Asians and Europeans to work together for the betterment of the world through the peer-to-peer partnership that ASEF represents.

Despite the **ASEM Process** being on hold, ASEF remained resilient and unwavering in its mission to work hand in hand with our partners to foster closer ties between Asians and Europeans as well as strengthening itself to adapt to the rapidly changing environment through rules-based management. **Complacency was not our answer**. To successfully navigate this dynamic landscape, we invested in a united and innovative approach.

In March, ASEF celebrated its **25th anniversary** with the presence at the premise of ASEF with Dr. Vivian Balakrishnan, Singapore's Minister for Foreign Affairs and the Ambassadors and Governors from ASEF Member countries.

In May, ASEF, for the first time in its history, was invited to speak at the official stakeholder hearing for the preparation of the **UN General Assembly High Level Meeting** on Universal Health Coverage in September.

At the 44th ASEF Board of Governors Meeting held in Barcelona in July, significant progress was made through the endorsement of the **3-year ASEF Strategy**. This strategic compass sets the direction on how to make ASEF more relevant, agile, and autonomous.

To make ASEF **more relevant**, we positioned ASEF as a **facilitator of intellectual dialogue** between Asia and Europe. The Asia-Europe Dialogue Forum emerges as a new initiative to connect academics, experts and thought leaders to discuss and share nuanced understandings of pressing global concerns. ASEF operations will be aligned under one common umbrella, the **ASEF Outlook Report**, which provides a clear understanding of the current needs for Asia-Europe to be addressed by ASEF.

We also decided to **strengthen our projects** in the areas of intellectual, cultural and people-to-people exchanges. Among the many accomplishments of 2023, our **key achievements** include the successful execution of flagship projects like the ASEF Young Leaders Summit in Spain in September and the Asia-Europe Cultural Festival in Singapore in October. These initiatives reinforced ASEF's commitment to advancing mutual understanding and building meaningful connections between the people of the two regions.

In cooperation with the WHO, ASEF continued its on-the-ground support in Europe to **provide aid to those in need**. Additionally, in November, we forged a new partnership in Asia with the International Federation of Red Cross and Red Crescent Societies, aiming to improve the readiness for the outbreak of infectious diseases.

To make ASEF **more agile**, we continue to invest in **digitalisation**. We are about to launch our "Customer Relationship Management System", which will support us in our outreach activities, and we will start to work on a multi-year project, the Integrated Project Budget Management System, which will reduce the administrative workload, enhance our operations, and increase our efficiency.

To make ASEF **more autonomous**, we are conceptualizing a framework to **generate additional funding** including through partnerships with the private sector to allow us to further our mission and reach even more individuals across Asia and Europe.

Going forward, the ASEF Strategy is a **commitment** to resilience, adaptability, and continued collaboration. The dynamic partnership between Asia and Europe is shifting towards a peer-to-peer model, emphasising shared responsibilities to tackle common challenges. Amidst the diversity of perspectives, the need for dialogue and cooperation is ever-growing, resulting in an even more pivotal role for ASEF in the coming years.

As we embark on this new chapter of our journey, we extend our **deepest gratitude** to our members, partners, and participants for their unwavering cooperation, trust, and support. Together, let us create new possibilities, shared achievements, and lasting connections in the constantly evolving landscape of Asia-Europe relations.

Ambassador MORIKAWA Toru
ASEF Executive Director

The Executive Office (EO) supports the work of the Executive Director and the Deputy Executive Director (Senior Management) in ensuring that ASEF carries out its mandate to bring Asia and Europe closer together.

The EO is responsible for determining ASEF's strategic objectives as well as for enhancing its performance.

Management decisions based on the policy guidelines set out by the ASEF Board of Governors are implemented through the Executive Office. In 2023, the ASEF Board of Governors approved ASEF's 3-year strategic plan (2023-2026) to be able to respond to the rapidly and fundamentally changing environment.

The Executive Office ensures smooth and efficient co-ordination between ASEF and its stakeholders as well as between ASEF's Departments and Task Forces.

The Executive Office is driving ASEF's digital transformation to enable greater efficiency and productivity with streamlined processes across the whole organization.

The Executive Office also drives the implementation of activities, which enhance dialogue and exchange between Asia and Europe, and organises activities for Senior Management to facilitate the exploration of opportunities for potential collaborations, fostering strategic partnerships, and establishing visibility for ASEF through customised networking.

To accomplish its mission, the EO includes a diverse team of dedicated professionals across several areas: digital transformation, relationship with funders, and human resources.

44TH ASEF BOARD OF GOVERNORS MEETING (BOG44)

6-7 July 2023, Barcelona, Spain

On 6-7 July 2023, ASEF Governors from across Asia and Europe, including from the European Union and the Association of Southeast Asian Nations (ASEAN) gathered in Barcelona, Spain for the 44th ASEF Board of Governors annual meeting. The main outcome of the discussion was the adoption of ASEF's Strategic Plan 2023-2026, which responds to the new demands of the evolving dynamics of the relations between Asia and Europe. In the new Strategy, ASEF Members aim at adjusting ASEF's mission to the current realities, leveraging opportunities and devising solutions to further connect Asia and Europe.

ASIA-EUROPE DIALOGUE SERIES - EXPLORING LINGUISTIC INFLUENCES THROUGH A MANUSCRIPT OF MALAYO-PORTUGUESE PANTUNS

13

31 August 2023, Singapore

The “Asia-Europe Dialogue Series: Exploring linguistic influences through a Manuscript of Malayo-Portuguese Pantuns” was the inaugural event of the Asia-Europe Dialogue Series, and it was organised in partnership with the Embassy of Portugal in Singapore and counted with the presence of ASEF Governor and Ambassador of Portugal to Singapore, HE Mario Miranda Duarte, and Ambassador of Indonesia to Singapore, HE Suryo Pratomo as distinguished guests of honour.

This event took place in the framework of the new strategic direction for the Asia-Europe Foundation as it strengthens ASEF's position as a facilitator of intellectual dialogue between Asia and Europe and builds on the gradual shift to a new peer-to-peer partnership between Asians and Europeans.

COMMUNICATIONS & MEDIA

The Communications Department (COM) promotes Asia-Europe cooperation by advancing awareness and knowledge about ASEF, ASEM and key issues in Asia-Europe relations. Aimed at a diverse range of constituencies, including the media and general public, COM’s activities foster greater mutual understanding between Asia and Europe in the media space. Media is one of 7 thematic areas of work in ASEF. Through its media projects, COM establishes unique networking platforms for the exchange of views and ideas as well as cooperation among media professionals from Asia and Europe. These projects address themes aligned with the ASEM agenda, examining issues relevant to Asia-Europe relations, challenges faced by the media industry, as well as the professional development of media personnel.

In addition to these project roles, COM is responsible for corporate or strategic communications. In this function, COM serves as the custodian for ASEF’s brand, identity and messages, provides support on thought leadership when necessary and organises outreach events for key stakeholders. Furthermore, it drives ASEF’s messaging and builds its presence on social media through management of digital assets, and coordination of communication with ASEF project departments and ASEM-related bodies.

In 2023, as a project department, COM focused on the ASEMInfoBoard. It is a flagship project mandated by the ASEM Summits and Ministerial Meetings and serves as the strategic communication platform to enhance the visibility of the ASEM Process in the Asia-Europe context.

ASEM INFOBOARD (AIB)

Throughout 2023

The ASEMInfoBoard.org (AIB) AIB has implemented significant improvements aimed at enhancing visitor engagement and enriching the learning experience about the ASEM Process. From a static notice board, we have introduced animated content on the ASEM story and an interactive map marking past ASEM Summits. We have also introduced the Community Tab, allowing visitors to actively contribute to discussions on diverse topics about Asia and Europe. These changes have transformed the AIB into a more interactive platform and reflect our continued commitment to creating an engaging and inclusive environment for all visitors.

ASEMInfoBoard

and the people's Republic of China

AIB DATA STORY TELLING AND ANIMATION

Throughout 2023

15

The story of ASEM was retold using cutting edge data storytelling techniques. We incorporated an interactive map containing existing ASEM information and history, which allows visitors to scroll, discover and be delighted by interesting graphics, pictures and facts. Additionally, COM embedded a short video the growth of ASEM's membership through animated content. Presenting ASEM information and history in a new way was essential to attract more organic visitors and increase AIB metrics.

AIB COMMUNITY TAB

Throughout 2023

COM enhanced the AIB for public engagement by introducing a new tab at the top of the landing page entitled “Community”. Under this tab, 3 sub-sections have been created - Political, Economic, and Social - mirroring the 3 pillars of ASEM.

a) For Political section:

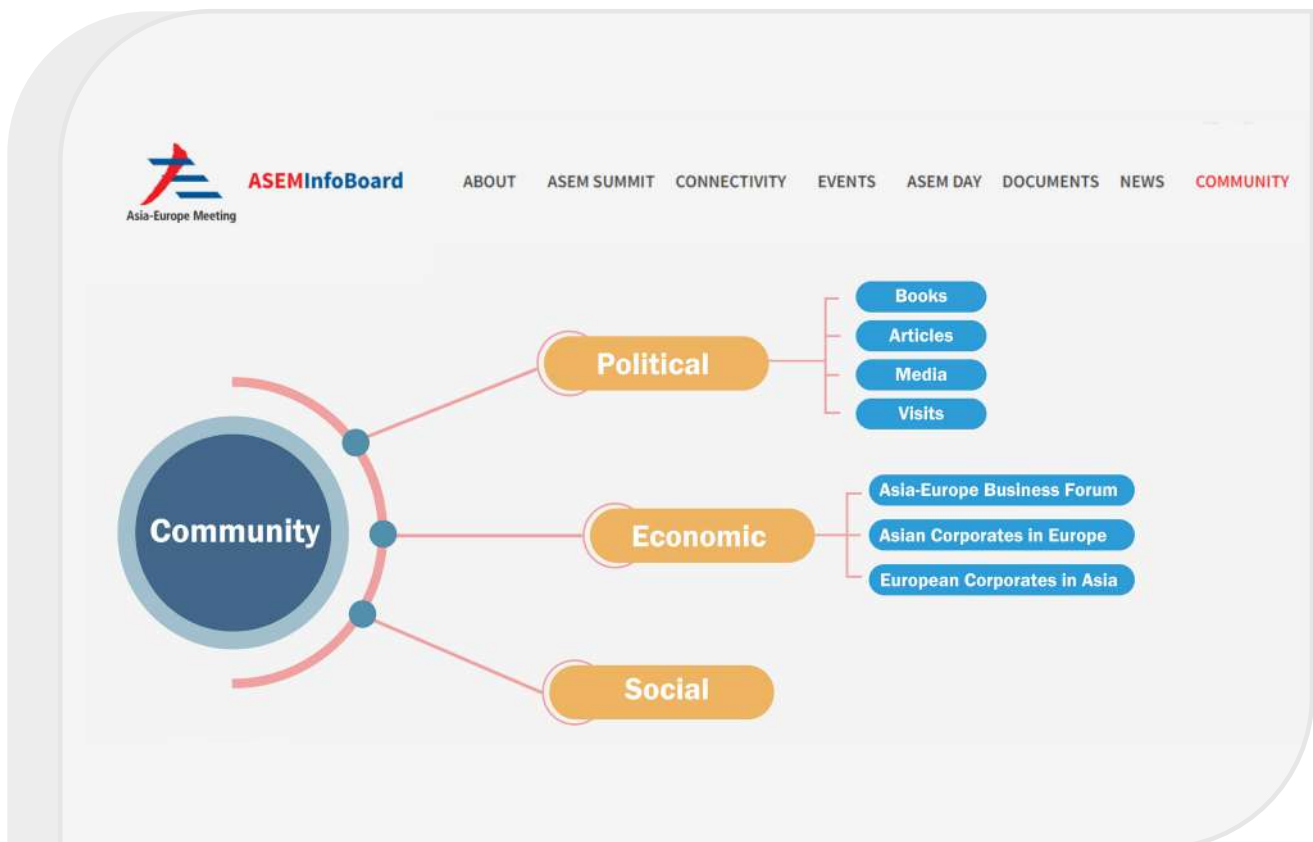

Curating and uploading relevant content to the website, including books and articles on the ASEM Process, past media reports on ASEM Summits and FMMs, and reports on Asia HOG and FM visits to Europe and vice versa.

b) For Economic section:

Curating and uploading relevant content to the website, including information on the Asia-Europe Business Forum, Asian corporates in Europe and vice versa, and engaging with the business-related chambers or organisations. This section aims to facilitate ASEM’s interaction with corporates, aligning with the new strategy.

c) For Social section:

Curating and uploading relevant content to the website in the social, cultural, and educational fields aims to promote enhanced contact and mutual understanding, as well as raise awareness of opportunities, among the peoples of Europe and Asia.

ROUNDTABLE ON “THE FUTURE OF ASIA-EUROPE COOPERATION”

29 November 2023, Singapore and Online

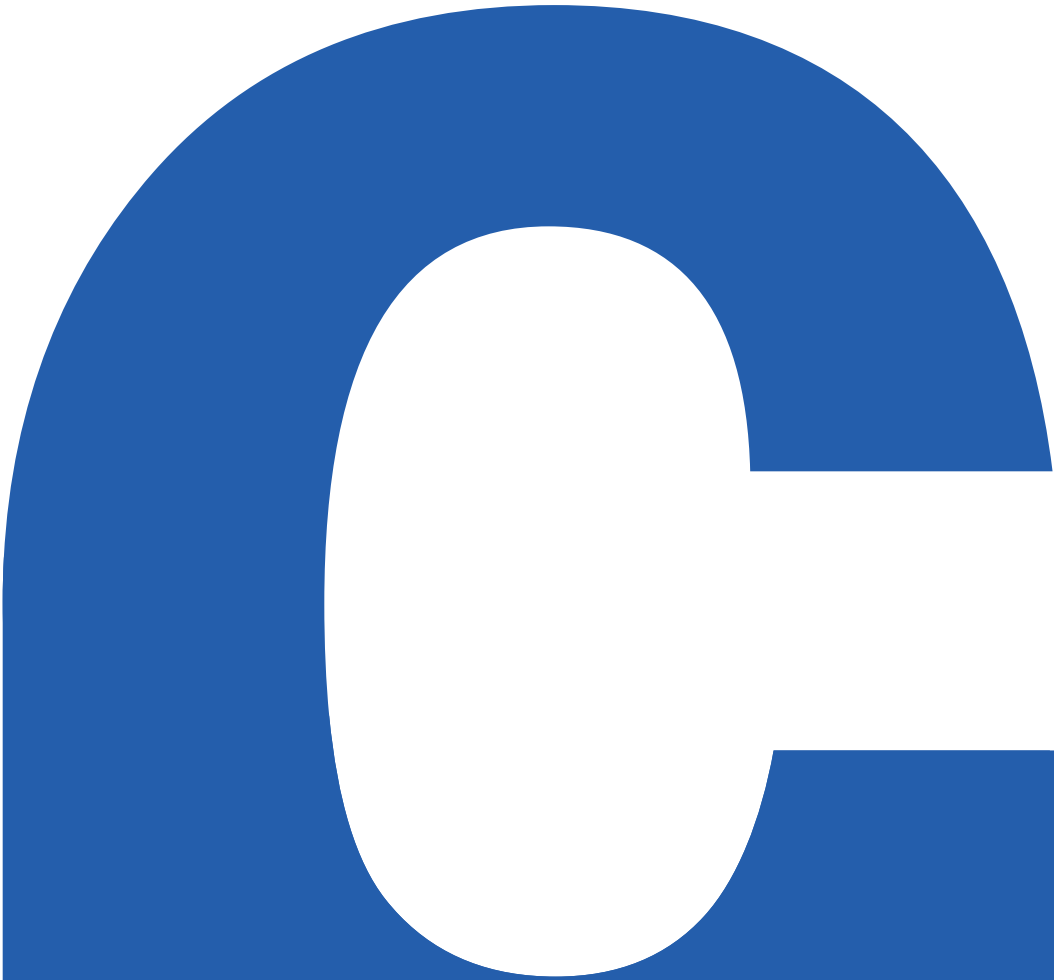

On 29 November 2023, ASEF organised a virtual Roundtable on “The Future of Asia-Europe Cooperation”. The Roundtable drew on insights from our 25th Anniversary Essay Competition, resulting in a book of 68 essays, each reflecting unique perspectives and hopes on Asia-Europe relations. The event was attended by over 50 invited guests from various sectors and backgrounds, who were interested in learning more about the insights of four distinguished panellists on the state and prospects of Asia-Europe relations.

17

The panellists were Dr Chheang Vannarith, President of Asian Vision Institute, Cambodia; Prof Evi Fitriani, Professor of International Relations, Universitas Indonesia; Dr Eva Pejsova, Japan Chair, Centre for Security, Diplomacy, and Strategy, Brussels School of Governance; and Mr Richard Werly, an award-winning journalist. The Roundtable was moderated by Dr Yeo Lay Hwee, Director of the EU Centre and Vice-Chair of ASEANCham-EU. You can find out more about it [here](#).

CULTURE

ASEF’s work in Culture connects arts communities in Asia and Europe through online platforms, virtual residencies, arts festivals and bi-regional dialogue.

ASEF promotes cultural relations by connecting artists, cultural professionals, arts organisations, public institutions, networks and museums in Asia and Europe. ASEF’s work in culture responds to current gaps in cultural cooperation between Asia and Europe by providing access to information, enabling building of capacity, facilitating dialogue and knowledge sharing and promoting artistic diversity.

The cross-disciplinary nature of the projects engages artists, heritage and museum professionals, arts administrators, and policy makers as well as experts from related fields such as environmentalists, journalists and academics.

ASIA-EUROPE CULTURAL FESTIVAL

22 October – 1 November 2023
Singapore and Online

Celebrating since 2018 cultural collaborations between arts communities in Asia and Europe.

The Asia-Europe Cultural Festival is a multidisciplinary public arts festival that celebrates the artistic diversity of Asia and Europe and promotes the dialogue and exchange amongst artists from the two regions.

The 2023 edition took place for the first time in Singapore from 22 October to 1 November 2023. With all events sold out, the audiences in Singapore experienced a variety of events spanning dance to film, photography and music performances by artists from Italy, Malaysia, Cambodia, France, Estonia, Japan and Singapore. The Festival was organised by ASEF with the support of the European Union.

The following activities took place in 2023:

- 1 documentary film highlighting the richness of cultural diversity
- 1 public forum on the role of photography in shaping the narrative of climate crisis in Southeast Asia
- 1 multidisciplinary theatre performance bringing on stage several art forms and artists from many countries from Europe and Asia
- 1 contemporary dance performance addressing the cultural exchange between Asian and Western culture through a female gaze
- 1 cultural diplomacy lab creating new spaces for encounters and capacity building to address inequalities and imbalances around cultural relations
- A podcast and lectures series published online on [culture360.ASEF.org](https://culture360.asef.org)

You can find out more about it [here](https://culture360.asef.org).

ASEF CULTURE360

Throughout 2023

ASEF's arts and culture platform [culture360.ASEF.org](https://culture360.asef.org) enables digital access to relevant and updated information on arts, heritage and the creative industries and facilitates knowledge exchange on topics of common interest for Asia and Europe. In addition to online year-round activities, the project develops several activities online and offline such as arts residencies, mentorship programmes and roundtable series, all of which aim to stimulate cultural engagement and enhance mutual understanding between Asia and Europe.

In 2023, the project developed the following activities:

- Over 240 updates on arts news, events and funding opportunities from Asia and Europe
- Over 20 commissioned articles a year on topics of common interest for Asia and Europe, partially selected through an open call process
- 7 media partnerships with relevant arts events in Thailand, Bangladesh, Indonesia, Italy, United Kingdom, Denmark and Viet Nam
- 1 publication [Recalibrating the Compass: New Approaches to Asia-Europe Cultural Relations](#) presenting the key findings and recommendations that emerged from ASEF [Recalibrating the Compass](#) roundtable series in 2022
- 1 Public Forum on Asia-Europe cultural relations (online, February 2023)
- 1 [Arts Journalism Matters Fellowship](#) providing long-term capacity building, networking and peer collaboration opportunities for young emerging arts journalists (online and in Singapore, September-October 2023)
- 1 [Asia-Europe Cultural Diplomacy Lab- ASEFLinkUp](#) creating new spaces for encounters and capacity building for the various agents involved in cultural cooperation (Singapore, 24-27 October 2023)

MEDIA PARTNERSHIPS

Throughout 2023

Since 2012, ASEF culture360 has supported over 65 arts events through media partnerships in Asia and Europe. This year, both on-site and virtual arts events from Bangladesh, Denmark, Indonesia, Italy, Thailand, United Kingdom and Viet Nam were supported through a variety of communication activities, aimed at increasing the visibility and outreach of the event and organisation beyond its national or regional focus.

ROUNDTABLE SERIES

9 February 2023
Online

The Public Forum titled [Asia-Europe Cultural Relations - A look ahead](#) was organised on 9 February 2023 online as the final session of the 2022 Roundtable Series [Recalibrating the Compass](#). 6 speakers from Spain, the Netherlands, Malaysia, Singapore, Australia and France discussed challenges and approaches in Asia-Europe cultural relations, based on findings and recommendations of the consultation process [Recalibrating the Compass](#) developed throughout 2022. You can find out more about it [here](#).

VIRTUAL RESIDENCES

September to October 2023
Singapore and Online

A 2nd edition of the *Arts Journalism Matters* Fellowship was organised in partnership with the European network on cultural management and policy (ENCATC), aiming to provide long-term capacity building, networking and peer collaboration opportunities for young emerging arts journalists from Asia and Europe.

In 2023, 2 arts journalists were brought together for a 4-week virtual residency, under the mentorship of Audrey Wong, cultural policy expert and arts educator at LASALLE College of the Arts from Singapore. Equipped with skills and knowledge from the residency, both participants had the opportunity to cover onsite, ASEF LinkUp | Asia-Europe Cultural Diplomacy Lab, that took place from 24 to 27 October 2023 in Singapore. You can find out more about it [here](#).

NEW PILOT PROJECT: ASEF LINKUP | ASIA-EUROPE CULTURAL DIPLOMACY LAB

24 – 27 October 2023
Singapore and Online

ASEF LinkUp | Asia-Europe Cultural Diplomacy Lab took place in Singapore from 24 to 27 October. The project brought together 20 arts professionals and diplomats based in Singapore and the ASEAN region to discuss how cultural diplomacy should be inspired by exchanges based on transparent goals, respect, intercultural understanding, mutuality, and trust-building thus generating a two-way street that enables learning and mutual cultural enrichment. Through the project, ASEF created new spaces for encounters and capacity building where various agents involved in cultural cooperation shared knowledge and approaches from different regions.

The Lab was organised by ASEF with the support of the Embassy of Italy in Singapore and Casa Asia. The Czech participation was supported by the Arts and Theatre Institute (ATI). You can find out more about it [here](#).

ASEF's work in Education connects youth and student leaders, teachers and educators, higher education leaders and policy makers across Asia and Europe. Through policy dialogues, capacity building activities and the creation of bi-regional networks, we contribute to innovation in the formal and non-formal education sector and towards the Sustainable Development Goals of the UN Agenda2030.

Education projects promote intercultural & intellectual dialogue and people-to-people exchanges and boost connectivity and quality of education across the ASEF member countries in Asia and Europe. As one of the key stakeholders of the ASEM Education process we bringing the voice of students and universities into decision-making spaces and inform education policies with evidence based research.

In the field of Education, ASEF implemented over 15 hybrid and interdisciplinary activities that boosted Asia-Europe Connectivity in 2023. These have directly/indirectly engaged over 9,000 participants from all ASEF Member Countries and provided diverse opportunities for learning and networking.

LEADING CHANGE: DIGITAL TRANSFORMATION OF EDUCATION IN THE ERA OF AI

June-December 2023, Hybrid

The ASEF Classroom Network (ASEFClassNet) connects teachers, teacher trainers, and academics working at the secondary & vocational education sector from Asian & European countries through two programme tracks: **School Collaboration** for teachers and school leaders; **Faculty Collaboration** for teacher trainers, academic experts, and researchers.

The 16th edition of the ASEFClassNet project, focused on **“Leading Change: Digital Transformation of Education in the Era of Artificial Intelligence”** and took place in a hybrid format from June to December 2023. The primary aim was to conduct various capacity, dialogue, and partnership-building activities that result in equipping K-12 stakeholders with basic awareness, competencies, and strategies on (1) Applications of AI in education (AIED) and (2) The Teaching of AI in education (AI Literacy).

The programme consisted of 3 phases, including self-learning, peer-to-peer learning and action learning opportunities with collaborative elements and an on-site conference hosted in partnership with the International Research Centre for AI (IRCAI) under the auspices of UNESCO between 12-16 November 2023 in Ljubljana, Slovenia.

GOVERNANCE

In the field of Governance, ASEF promotes informal, open, and non-confrontational dialogue between civil society and government representatives on human rights issues of importance to Asia and Europe and provides tailored capacity-building training for diplomats engaged in public diplomacy efforts.

11TH ASEF PUBLIC DIPLOMACY TRAINING (ASEFPDT11)

5 October - 9 November 2023, Online
20-24 November 2023, Canberra, Australia

The Face-to-face training was hosted by the Department of Foreign Affairs and Trade in Australia (DFAT) and supported in part by the Kingdom of the Netherlands. Held in Canberra from 20-24 November 2023, it was preceded by 5 weeks of online sessions attended by 28 participants from 23 countries in Asia and Europe. Designed by DiploFoundation, the online sessions covered the challenges and opportunities arising from digital technology to the soft power of public diplomacy.

Over a span of 5 days, seasoned public diplomacy trainers and experts shared experiences that further expanded on the lessons learnt from the online course. The 23 participants from 21 Asian and European countries participated in role-play workshops geared to assist in developing their intercultural communication skills and exchange tactics and strategies for persuasive diplomatic public communications.

A much-anticipated item of the program, a cultural tour was arranged by the Host to showcase some of Australia's heritage and culture.

The week concluded with a final panel discussion on enhancing Asia-Europe connectivity, with valuable and interesting anecdotes from HE Mr Anil Kumar Nayar, Singapore's High Commissioner to Australia; HE Mrs Ardi Stoios-Braken, Ambassador of the Kingdom of the Netherlands to Australia; and Mr Pablo Kang, Head of 2024 ASEAN-Australia Special Summit Taskforce of the Department of Foreign Affairs and Trade of Australia.

"I believe that the participants' engagement in the training course was very positive, it was insightful to hear the testimonies and interventions of other participants, and the group that was formed was also tight and solid. Additionally, the support received from the organization (ASEF and DFAT) was flawless. Every aspect of the course, both logistical and substantive, was perfectly designed and organized."

Tiago Monteiro, Third Secretary, Department for Asia and Oceania

SUSTAINABLE DEVELOPMENT

Sustainable Development as a key theme in ASEF's work is the framework that embraces the crosscutting approach of the environmental, social and economic areas. It focuses strongly on exploring policy solutions and working within the environmental limits on the issues related to sustainable consumption and production, circular economy and climate change. We organise workshops, dialogue platforms, and knowledge hub meetings that produce research on sustainability in Asia and Europe. We align our work with the United Nation's 2030 Agenda for Sustainable Development and contribute to the global debate on climate change through Asia-Europe dialogue facilitation.

ASIA-EUROPE ENVIRONMENT FORUM

Throughout 2023

The Asia-Europe Environment Forum (ENVforum) provides an inter-regional platform for knowledge-sharing and capacity building for policy makers, businesses and civil society from Asia and Europe on issues related to sustainable development, specifically focusing on circular economy and climate change.

ENVFORUM PARTNER
CONSORTIUM

THE ASIA-EUROPE ENVIRONMENT FORUM (ENVFORUM) ANNUAL CONFERENCE “EMPOWERING INNOVATION IN ASIA & EUROPE - SMES AT THE HEART OF CIRCULAR TRANSITION”

21–22 November Brussels, Belgium

The 2023 ENVforum Conference was a pivotal event that facilitated the exchange of knowledge and best practices while fostering essential dialogue among various stakeholders. It targeted business representatives from the innovation and sustainability sectors, government officials dealing with SME-related issues across Asia and Europe, and the expert community focused on the circular economy transition.

29

The conference offered a unique platform for SMEs to showcase how they serve as practical examples of entities facilitating the circular transition. It provided an avenue for discussing the challenges and barriers that SMEs face and the policy support required to hasten the green transition at the SME level. Additionally, the event encouraged participation in discussions on enabling factors, strategies, and milestones necessary for establishing circular business models, marking a significant step forward in the journey towards sustainability. The event also marked the 20th anniversary of the project, celebrated by partners and participants.

The outcomes of the event have been further showcased at the COP28 side events in December.

SUSTAINABLE DEVELOPMENT TRANSITION FORUM (SDTF) 2023

16-19 October 2023, Incheon, Korea

The overarching objective of the 2022 SDTF was closely linked to the High Level Political Forum 2022, aiming to offer a platform for capacity building, policy dialogue and knowledge sharing for building back better from the COVID-19 pandemic and advancing the full implementation of the 2030 Agenda. The Forum aimed to achieve a better understanding of success, challenges, lessons learned, and good practices related to the implementation of SDGs 4, 5, 14, 15 and 17, the impact the COVID-19 pandemic is having on those and across all the SDGs, and to identify potential solutions and share them with relevant stakeholders.

30

ASEF is a knowledge partner in the project since its inception in 2012 contributing this year to the sessions dedicated to agriculture and climate change. Moreover, the event was an excellent opportunity to launch ASEF's study titled "Advancing Urban Sustainability in Cities Through Nature-based Solutions. Lessons from Asia.". The collaboration allowed the ENVforum to provide input to the HLPF on the topics of sustainable food and climate-resilient cities.

The 2023 SDTF is organised by the United Nations Office for Sustainable Development (UNOSD) of UN DESA, Division for Sustainable Development Goals (UN DESA-DSDG), in collaboration with the Asia-Europe Foundation (ASEF) and Arirang TV.

OP28 SIDE EVENT: “ROLE OF SMES IN THE TRANSITION TO CIRCULAR AND LOW CARBON ECONOMIES

6 December Dubai, ICC Pavilion, ICC Partner Stage

The event highlighted SMEs, particularly eco-inclusive ones, as pivotal players in the transition towards circular and low carbon economies, emphasising their largely untapped potential. The event underscored SMEs’ role in providing services to underserved communities, supporting empowerment initiatives, and leading sustainable production and consumption. Emphasis was placed on SMEs as innovators in environmental and social solutions, crucial for climate adaptation and mitigation.

The untapped potential of SMEs in areas like decarbonisation and digitalisation was recognized as key to innovation in the green economy. The ENVforum input based on meeting with SMEs championing circular transition in November was acknowledged highlighting the SMEs as crucial agents of change in the green economy, necessitating stronger support mechanisms and policy frameworks to harness their transformative impact fully.

The Stockpile Project Unit translates the commitment made at the 9th ASEM Foreign Ministers' Meeting in 2009 into actions aimed at strengthening ASEM Partners' capacity to manage public health emergencies. Since its inception, the team, through its stockpiling activities and humanitarian assistance, has significantly contributed to the rapid containment and enhancement of capacity for pandemic preparedness and response within the framework of infectious diseases. The Stockpile Unit's activities are financially supported by the Government of Japan through its Second and Third Trust Fund (JTF2 and JTF3). The project's responsibilities range from partnering with the World Health Organization (WHO) to appointing The International Federation of Red Cross and Red Crescent Societies (IFRC), the world's largest humanitarian network.

LAUNCH OF THE JTF3 STOCKPILE PROJECT AND THE SELECTION OF IFRC AS THE PROJECT IMPLEMENTING AGENCY (PIA) FOR A TWO-YEAR COLLABORATIVE PROJECT WORTH USD 10 MILLION

28 November 2023, Kuala Lumpur, Malaysia

Asia-Europe Foundation (ASEF) nominates the International Federation of Red Cross and Red Crescent Societies (IFRC) as the Project Implementing Agency (PIA) for a two-years collaborative project worth USD 10 million aimed at strengthening preparedness and response to COVID-19 and other Emerging Infectious Diseases (EIDs) in five partner countries namely Bangladesh, Indonesia, Malaysia, Pakistan, and the Philippines. In selecting these five countries, the IFRC has prioritized countries at high risk of disasters caused by natural hazards, the effects of which have been made worse by climate change, resulting also in high risk of COVID-19 and other infectious diseases.

RECALIBRATING THE COMPASS: NEW APPROACHES TO ASIA-EUROPE CULTURAL RELATIONS

This publication, produced by ASEF culture360, presents the key findings and recommendations that emerged from ASEF’s [Recalibrating the Compass](#) roundtable series organised in 2022.

Authored by cultural policy expert Jordi Baltà Portolés, who co-designed the roundtables and wrote the individual reports, the publication summarises the insights, ideas and recommendations highlighted throughout the series and presents guidance for future work in the field of Asia-Europe cultural relations. Apart from passing on knowledge on how to navigate the current challenges of international cultural relations, this publication provides some starting points when thinking about the roles that stakeholders can play in the field of Asia-Europe cultural collaboration and possible strategies for a post-pandemic recovery. You can find out more about it [here](#).

ARC9 REPORT: “ASIA-EUROPE HIGHER EDUCATION MAPPING: WORKING TOWARDS THE SDGs”

Part 1: Mapping Policymakers Perspectives

This study maps higher education policies advancing sustainable development across Asia and Europe. **Covering 31 national contexts in Asia and Europe**, the study combines data from a survey, focus group discussions, and a review of secondary sources to glean patterns in how governments are encouraging HEIs to contribute to the SDGs, provide concrete examples of enabling measures, and identify opportunities that may be leveraged to strengthen the HE policy-practice interface towards the SDGs.

Part 2: Mapping Higher Education Institutional Perspectives

This study showcases developments regarding sustainable development in the higher education sector from the perspective of higher education institutions.

It maps 240 institutional perspectives from **42 countries in Asia and Europe**, showcasing how universities engage with the SDGs. The study was conducted in partnership with the [International Association of Universities \(IAU\)](#), building on the 3rd IAU Global Survey on Higher Education and Research for Sustainable Development (HESD). You can find out more about it [here](#), or watch the recording of the Launch of the ARC9 Study [here](#).

ASEF YOUTH REPORT 2023: “STEPPING INTO SOCIETY 5.0: YOUTH PERSPECTIVES ON TECHNOLOGY-INFORMED SOCIETAL LEADERSHIP”

This report was created as part of the [5th ASEF Young Leaders Summit \(ASEFYLS5\)](#) project, **summarising over 8,500 young leaders' perspectives** from 51 Asian and European countries on the key societal challenges of our times, and how technology could be deployed to address them.

It addresses two foundational questions crucial for shaping a more sustainable, digitally integrated future:

- How can societies within Society 5.0 benefit from the inclusion, support, and engagement of young people in technology-driven leadership roles?
- How can those in positions of power support young people on their leadership journeys in a world increasingly defined by Society 5.0?

The recommendations and insights strive to ignite conversations among influential individuals within their countries, organisations, educational institutions, and communities, shedding light on the best ways to empower aspiring young leaders. You can find out more about it [here](#) or watch the launch presentation of the report findings [here](#).

ASEFCLASSNET16 REPORT: “ASIAN AND EUROPEAN TEACHERS’ PERSPECTIVES ON AI AND EDUCATION”

This survey report is based on the **views of 330 secondary school teachers** from 43 Asian and European countries, who shared their perspectives on various aspects of AI&ED. Their responses have been analysed and the findings are presented in this report.

It aims to serve as a tool to inform relevant secondary education stakeholders about how teachers view the role of AI in education and what they think about AI literacy, and their fears and hopes.

ASEF hopes that this report will contribute to the ongoing critical conversation on AI&ED and raise awareness about teachers’ roles and capacity building for appropriate and meaningful AI&ED innovation. You can find out more about it [here](#).

The Asia-Pacific Teacher Exchange for Global Education (APTE) is a bilateral teacher exchange programme between the Republic of Korea and Asia-Pacific countries, hosted by the Ministry of Education of the Republic of Korea (MOE ROK) and implemented by the [Asia-Pacific Centre of Education for International Understanding under the auspices of UNESCO](#) (APCEIU), in collaboration with the Ministries of Education of the partner countries.

ASEF was invited to share its experience in facilitating teacher exchange programmes and wrote the chapter titled **“The nine-step preparation process for independent operation of educational exchange”**. You can find out more about it [here](#).

CONFERENCE REPORT: RISK COMMUNICATION FOR PUBLIC HEALTH EMERGENCIES: THE ROLE OF RISK COMMUNICATION IN PANDEMICS

This report provides a summary of the conclusions of the High-level Meeting on “Risk Communication for Public Health Emergencies: The Role of Risk Communication in Pandemics” held as a hybrid event in Cardiff on 19-20 October 2022. The participants included public health experts from a number of countries in Asia and Europe, working on different aspects of Risk Communication. The overall aim of the High-level Meeting was to strengthen countries’ capacity to support Risk Communication for Public Health Emergencies (PHEs). It was also intended to provide a platform for the bi-regional exchange of best practices and lessons learnt related to Risk Communication during the COVID-19 pandemic and beyond. You can find out more about it [here](#).

CONFERENCE REPORT: UNIVERSAL HEALTH COVERAGE (UHC) IN AN ERA OF ANTIMICROBIAL RESISTANCE (AMR) AND PANDEMICS

This report provides a summary of the conclusions of the High-Level Meeting on “Universal Health Coverage (UHC) in an Era of Antimicrobial Resistance (AMR) and Pandemics” held in Tokyo on 21-22 February 2023. The participants included public and private sector experts from a number of countries in Asia and Europe, including the European Commission, working on different aspects of the response to antimicrobial resistance. The aim was to identify priority actions for the next steps in addressing this global public health challenge. You can find out more about it [here](#) or watch the video on the conference [here](#).

POLICY BRIEF: PANDEMIC & THE ECONOMY – A PANDEMIC-RESILIENT SOCIETY

On 5 May 2023, the World Health Organisation (WHO) declared the end of the Public Health Emergency of International Concern (PHEIC) for COVID-19. It is important to learn lessons from our experience, including the management shifting from pandemic to endemic. It is the time to create the foundations for a pandemic resilient society, in order to avoid similar health and economic catastrophes for the next time around. Building a pandemic resilient society requires sustainable, long-term financing and resilience requires an inter-sectorial dialogue within society across different sectors, not only within the health sector. This paper provides policy recommendations and a set of good practices to implement structures for a pandemic-resilient society. You can find out more about it [here](#) or watch the video on the conference [here](#).

INTERVIEW SERIES: ASEF PHN X WORLD AMR AWARENESS WEEK

During the World AMR Awareness Week, which is celebrated from 18-24 November annually, ASEF PHN released a series of interviews featuring experts discussing crucial facets of Antimicrobial Resistance (AMR). The interviews were collected during the conference, “Universal Health Coverage (UHC) in an era of AMR and Pandemics” held in Tokyo in 2023. You can find out more about it [here](#).

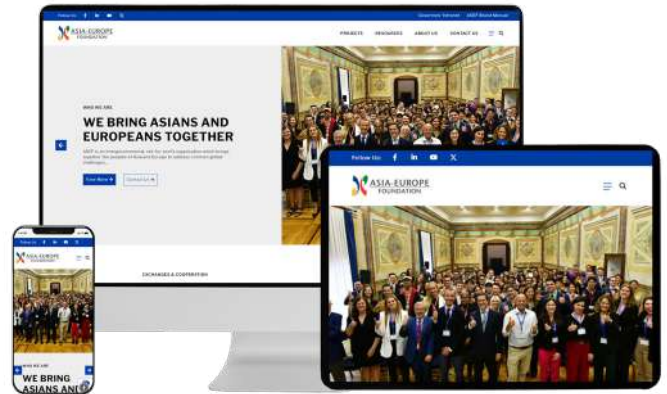

WEBSITE

www.ASEF.org

ASEF.org is the official website of the Asia-Europe Foundation (ASEF), serving as a central hub for promoting collaboration and dialogue between Asia and Europe. As the primary online platform of this prominent organization, the website offers a wide range of resources and features designed to facilitate knowledge exchange, cultural understanding, and people-to-people connections. ASEF.org showcases the impactful projects undertaken by ASEF across seven thematic areas: Culture, Economy, Education, Governance, Media, Public Health and Sustainable Development.

By providing a gateway for stakeholders to engage in meaningful partnerships and collaborations, the website plays a pivotal role in promoting and strengthening inter-regional cooperation between Asia and Europe.

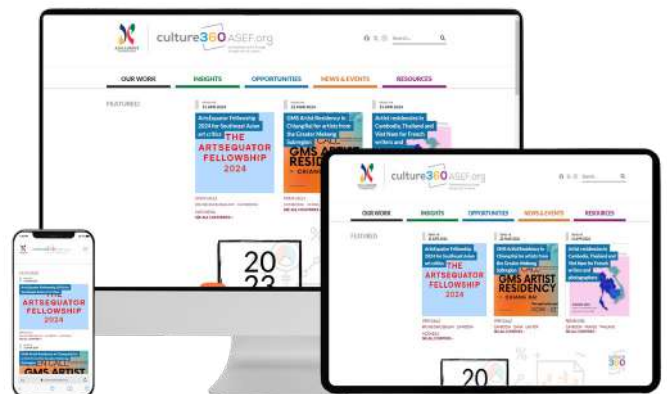

www.aseminfoboard.org

The ASEM InfoBoard (AIB) website is the only official digital platform of the Asia-Europe Meeting (ASEM). It is a one-stop online information hub for all ASEM meetings, conference documents and ASEM news. As decided at ASEMFM6, ASEF was mandated to manage AIB on behalf of 53 ASEM Partners since 2004. The ASEM InfoBoard website provides comprehensive resources, including news articles, event listings, policy documents, and publications, offering stakeholders a reliable source of information on ASEM-related activities.

culture360.ASEF.org

ASEF culture360 is a digital information hub for arts and culture communities across Asia and Europe offering up-to-date information on arts, culture and heritage from 51 ASEM Partners. For over 15 years, this online platform has served as a “one stop shop” for relevant arts news, opportunities, and events that are relevant for individual artists, arts organisations and cultural policymakers in the ASEM region, in line with the 2030 UN Agenda for Sustainable Development, particularly SDG16. It remains the only website offering such a service in the ASEM context and has been recognised as a good model of information exchange between the two regions by UNESCO, the UN’s agency for culture and the European Union.
