<p style="text-align:center">CALL FOR PAPERS
International AIED Symposium 2025
14 November 2025 | Beijing Normal University | Zhuhai, China</p>

1. Background & Objectives

As a part of the ASEF Classroom Network (ASEFClassNet) Faculty Collaboration programme, the International AIED Symposium will be held in Zhuhai, China, on Friday, 14 November 2025. The Symposium is to provide an opportunity for ASEF fellows and practitioners to share their latest research and best practices on using of AI in education and to address challenges and explore possible future in education.

The Symposium is hosted by Beijing Normal University (BNU) and the Asia-Europe Foundation (ASEF) organised by the College of Education for the Future at Beijing Normal University, the Centre for Connective Intelligence in Education of BNU.

The Symposium aims to critically explore core challenges and emerging trends related to AI in education, foster international and cross-countries and regions dialogue among experts, showcase scalable and impactful AI-enabled educational practices, and contribute strategically to creating equitable, inclusive, high-quality educational futures through AI and digital technologies.

Accepted papers will be included in the conference proceeding "Beyond Automation: Emerging Paradigms, Innovative Pedagogies, and Sustainable Learning Ecosystems" as one of the United Nation University's "AI and Sustainable Development" conference proceedings series, which will be published by Springer Nature as one of the intellectual outputs of the ASEFClassNet Faculty Collaboration programme.

2. Topics

Contributions are welcome on, but not limited to, the following thematic areas:

- New theories and models for AIED
- Innovative tools and systems of using of AI in teaching and learning
- Governance and ethical concerns of AI in education
- AI Assessment and Feedback Systems
- AI literacy for teachers and students

3. Submission Guidelines

- **Language:** English
- **Abstract:** 250-350 words abstract
- **Keywords:** 3-5 keywords
- **Text Format:** Times New Roman, font size 12 pt., with 1.5 line spacing
- **Length:** The total length of manuscripts should range between 5,000 and 8,000 words. The manuscript should have a clear and coherent structure, including Introduction, Theoretical Framework/Background, Methodology/Design, Results/Implementation, Discussion/Analysis, Conclusion/Implications, and References.
- **Reference:** Citations and references should follow the APA Style (7th edition)

4. Key Dates：
