Action Phase | Aug – Nov 2026 | In local Communities

The Action Phase is a chance for participants to turn theory into action.

Participants must organise a multiplier activity (online/in-person) in their local community to implement their learnings from the online Training in an effort to promote Asia-Europe exchange and multiply the impact of the training by disseminating knowledge on the topic.

Participants can plan and organise their event at any time following the online Training but need to have finalised their project before end of November and the closing of the programme.

There will be a Closing Ceremony and Action Phase showcase on Thursday, 26 November 2026, 08:00 – 10:00 UTC.
