1st ASEM Foreign Ministers' Meeting (ASEMFMM1)
Singapore, 15 February 1997

Asia–Europe Foundation

Our vision is a world in which Asians and Europeans shape the future together.

Our mission is where ASEF brings together the peoples of Asia and Europe to address common challenges by:

- Advancing mutual understanding, collaboration between the peoples of Asia and Europe, through providing opportunities that enable an exchange of ideas;
- Acting as the civil society outreach of Asia and Europe, and working as a platform for dialogue to stimulate permanent networks that reinforce Asia–Europe relations; and
- Acting as an interface between civil society and ASEM governments, consequently contributing to the ASEM process by generating unique recommendations for officials' consideration.

ASEF Brand Refresh

In 2025, as part of our brand refresh, we renewed and reaffirmed the essence of ASEF's identity and character:

1

Fosters people-to-people partnerships, among the nations of Asia and Europe, always collaborating with mutual recognition, regard and respect;

2

Nurtures mutual inter-continental understanding and appreciation across diverse cultures;

3

Advances cooperation and collaboration between Asia and Europe, always by prioritising multilateralism in everything we do.

These values guide ASEF, as we shape our areas of focus and design our projects.

ASEF's new tagline

emphasises the two continents in close friendship, collaborating alongside, with a common spirit, shared goals and priorities.

ASEF's Updated Description

The Asia–Europe Foundation (ASEF) is an inter-governmental not-for-profit organisation located in Singapore. Founded in 1997, it is the only institution of the Asia–Europe Meeting (ASEM).

ASEF promotes understanding, strengthens relationships and facilitates cooperation among the peoples, institutions and organisations of Asia and Europe.

ASEF enhances dialogue, enables exchanges and encourages collaborations that are cross-cultural and multilateral across the thematic areas of culture, economy, education, governance, media, public health and sustainable development.

ASEF has run more than 280 projects, mainly seminars, workshops and lectures, together with over 230 partner organisations.

Asia–Europe Meeting

The Asia–Europe Meeting (ASEM) is an intergovernmental process established in 1996 to foster dialogue and cooperation between Asia and Europe.

ASEM addresses political, economic, financial, social, cultural and educational issues of common interest in a spirit of mutual respect and equal partnership. Through an informal process, ASEM seeks to enhance mutual understanding, without duplicating bilateral and other multilateral relationships between Asia and Europe. Its foremost event, the ASEM Summit, is a biennial meeting between the Heads of State and Government, the President of the European Council, the President of the European Commission and the Secretary-General of the Association of Southeast Asian Nations (ASEAN). In addition, ASEM Ministers & Senior Officials also meet in their respective sectoral dialogues.

ASEM started in 1996 with 15 member states of the European Union (EU), seven members of ASEAN, China, Japan, Korea and the European Commission. ASEM now comprises 53 partners, namely 30 European and 21 Asian countries, the European Union and ASEAN Secretariat.

Message from Chair of ASEF Board of Governors

SUH Chung-ha

It is my great pleasure, on behalf of the Board of Governors of the Asia–Europe Foundation (ASEF), to extend warm greetings to our readers, partners and colleagues on the publication of the ASEF Annual Report 2025. Amid rapidly evolving geopolitical dynamics, accelerating technological change and shifting societal landscapes, cooperation between Asia and Europe is entering a new phase. In this context, ASEF's mission to foster mutual understanding and partnership between the two regions is more important than ever. Indeed, in an increasingly uncertain and polarised world, platforms such as ASEF—grounded in dialogue, cooperation and trust—are becoming ever more valuable.

In 2025, ASEF demonstrated resilience and continuity despite a challenging global environment, serving as a key platform connecting Asia and Europe. The Foundation achieved notable progress across its core areas, including culture, education, governance, media, public health and sustainable development. Guided by its five key strategic priorities, ASEF delivered impactful projects, strengthened engagement with member countries and enhanced the visibility and impact of its work.

The year 2025 also marked the first full year of leadership by Executive Director Ambassador Beata STOCZYŃSKA and Deputy Executive Director Mr ZHANG Lei. Under their direction, the Secretariat ensured continuity and stability, while advancing key initiatives in areas such as artificial intelligence, innovation, digital transformation and environmental sustainability. Their leadership in shaping ASEF's strategic direction is highly valued as well.

The year 2026 will be pivotal for ASEF, marking both the conclusion of the current Three-Year Strategy and the preparation of a new Four-Year Strategy. Our shared objective is to ensure that ASEF remains responsive, credible and impactful as the only permanent institution of the Asia–Europe Meeting (ASEM). The development of the ASEF Strategy Framework 2027–2030, which will guide the Foundation's work over the next four years, will be essential in strengthening ASEF's role as a trusted partner and bridge between Asia and Europe. In this regard, the Secretariat's preparatory efforts, including its early analytical work, provide a solid foundation for future initiatives. Furthermore, in 2026, ASEF is expected to further strengthen cooperation and partnerships by advancing key priorities such as a human-centered approach, digitalisation for development and the green transition.

Lastly, I would like to express my sincere appreciation to the dedicated staff of the ASEF Secretariat. Their unwavering commitment, hard work and professionalism are instrumental to ASEF's continued development. I also extend my deep gratitude to our member countries for their generous support, including hosting events and seconding personnel, as well as to my fellow Governors for their invaluable cooperation and contributions. I look forward to working closely with the Board, the Secretariat and all ASEF partners to advance a future grounded in ASEF's core values.

Message from ASEF Executive Director

Beata STOCZYŃSKA

2025 was a year of progress and strategic focus for ASEF amid a complex global environment. The Foundation advanced its work through reflection and learning, adapting to Members' priorities amid geopolitical shifts, rapid AI development and climate challenges.

Despite the standstill of the ASEM process, ASEF strengthened its role through projects, partnerships and dialogues, bringing Asians and Europeans together and reaffirming its commitment to shared progress and collaboration.

The establishment of five strategic priorities to guide ASEF's work gained momentum in 2025:

1. Topic of the Year – (i) *Artificial Intelligence, Innovation & Digitalisation* and (ii) *Promoting Green Initiatives, Sustainability and Environment* – These themes were integrated into 80% of ASEF projects, ensuring the Foundation remains relevant to emerging global trends and supports future-focused topics across Asia and Europe.

2. Strengthening Governance and Sustainable Development
The appointment of a new Director enabled ASEF to set clear strategic goals and elevate ongoing work in public health, governance and sustainable development, while exploring other thematic pillars such as economy and trade.

3. Financial Stability
Financial sustainability was strengthened through proactive engagement with Members, timely confirmation of contributions and additional in-kind support, resulting in the resolution of long-standing Member contributions, securing additional financial support and increasing in-kind contributions, ensuring long-term operational stability.

4. Increasing Visibility
ASEF expanded its presence across Asia and Europe through digital engagement, including the launch of Instagram and the AIB Podcast Series and non-thematic visibility activities such as the Friendship Walk, Lecture Series (interactive discussions on topics like *Shaping the Future: Soft Diplomacy in Asia–Europe Relations* and *Finance in Asia–Europe Relations*), Europe Open Day, Library Initiative and Sports sharing session and Diplomats Networking. These activities increased ASEF's public presence, strengthened stakeholder engagement and expanded outreach to new audiences. To further these initiatives, a brand refresh is underway to further enhance ASEF's visibility and messaging, to be implemented in 2026. This refreshed identity defines what ASEF stands for as a platform for people-to-people partnerships, grounded in soft power, fostering cross-cultural understanding and advancing multilateral cooperation, while presenting a clearer and more cohesive articulation of our mission. It will strengthen how we communicate our impact and engage stakeholders across Asia and Europe.

5. Improving Communication
Initiatives such as *Dialogue with Senior Management* strengthened internal communication. Externally, we maintained timely and frequent interactions with Members on projects and initiatives, deliberately creating opportunities for participation and, for the first time, shaping Board meetings to move beyond purely administrative discussions.

On the front of our core work, we completed 16 major projects across thematic areas addressing regional and global trends, alongside an additional US\$10 million contribution to the WHO Emergency Response, supporting people in need in and around Ukraine.

Our governance remained robust. The 46th Board of Governors Meeting and Annual General Meeting in Krakow in June 2025 were successfully held, with our sincere thanks to the Government of Poland for its support, setting the stage for continued strategic engagement. This was followed by the Year-End Finance and Audit Committee (FAC) and Executive Committee (ExCo) meetings in Singapore in November. Collectively, these Board meetings provided strategic guidance on the 2027–2030 Strategy, reviewed ASEF's SWOT analysis and visibility framework and approved projects and budgets.

A significant milestone of the past year was our fruitful engagement with Singapore Minister for Foreign Affairs Dr Vivian BALAKRISHNAN. This dialogue was vital to discuss the evolving landscape of Asia–Europe relations, specifically focusing on common initiatives in the economy, trade, green transition, environmental sustainability and supply chains.

ASEF also continued to expand its international reach through participation in major forums, including the Boao Forum for Asia's Roundtable on Asia-Pacific Regional Cooperation, the Osaka World Forum and strategic panel discussions with the Polish Investment and Trade Agency (PAIH). These efforts were further strengthened by more than 30 bilateral consultations that continue to deepen our institutional relationships across both regions.

A year ago, we aimed high to innovate our traditional approaches. This vision was made possible by the dedication and hard work of Deputy Executive Director Mr ZHANG Lei and the entire ASEF staff. I also extend my sincere appreciation to all ASEF Members, Governors, government representatives, partners and collaborators for their unwavering support and trust. My special thanks to Ambassador Soemadi BRODODININGRAT for his leadership as he concluded his role as Chair of the FAC. At this juncture of transition, we are pleased to welcome the new FAC Chair, Ms Lone THORUP (Denmark). We also warmly welcome the new Chair of ASEF BoG, Ambassador SUH Chung-ha (Korea) and Vice-Chair Mr José PINTOR AGUILAR (Spain). Their expertise will be vital as they take on these Board-level roles to guide and oversee the Foundation's governance.

ASEF remains dedicated to scaling our impact by aligning our initiatives with Member priorities and enhancing our organisational well-being. By promoting multilateralism amidst a shifting geopolitical landscape, we continue to fulfil our core mission: forging a stronger, more collaborative partnership between the people of Asia and Europe.

Executive Office

The Executive Office (EO) plays a central role in supporting ASEF Senior Management in advancing the Foundation's mission to strengthen dialogue, understanding and cooperation between Asia and Europe. Acting as the link between governance and operations, the EO ensures management decisions are effectively implemented in line with the strategic direction, policies and priorities set by the ASEF Board of Governors.

As a key function within ASEF, the Executive Office supports day-to-day management and strategic planning, helping to ensure organisational stability, efficiency and adaptability to a changing environment.

Externally, the EO strengthens ASEF's engagement with governments, partners and civil society by ensuring compliance with institutional frameworks, supporting outreach and fostering collaboration. It safeguards member interests and ensures programmes and initiatives align with their priorities, reinforcing ASEF's visibility, impact and relevance.

46th ASEF Board of Governors' Meeting

Krakow, Poland

26–27 June 2025

The 46th ASEF Board of Governors Meeting (ASEFBoG46) was held in Kraków, Poland, bringing together Governors and representatives from 47 ASEF members. The meeting focused on reviewing ASEF's overall strategic direction, financial matters, visibility efforts and future activities. One of the main outcomes of the meeting was the approval of 16 project proposals for implementation in 2026. Prior to the Board Meeting, the Finance and Audit Committee (FAC) and the Executive Committee (ExCo) met on 24 and 25 June 2025.

The Board Meeting took place at the International Cultural Centre in Kraków and featured a keynote lecture by Professor Jacek Purchla on "Kraków in the European Core." The programme also highlighted the cultural dimension of Asia–Europe cooperation through the Curtain Raiser of the Asia–Europe Cultural Festival (AECFest) 2025, a contemporary dance performance

at the Manggha Museum, followed by a Gala Dinner hosted by the Ministry of Foreign Affairs of Poland.

The meeting concluded with a cultural visit to the Wieliczka Salt Mine. ASEF expressed its appreciation to the Polish Ministry of Foreign Affairs for its support and hospitality, as well as to all participants for their constructive contributions.

Year-End FAC and ExCo Meetings

Singapore

26–27 November 2025

The Finance and Audit Committee (FAC) and Executive Committee (ExCo) met in Singapore to discuss matters related to ASEF, ensuring effective governance and strategic oversight. The meetings provided a platform to align priorities, review progress and strengthen decision-making in support of ASEF's mission. Discussions also focused on ASEF's next four years' Strategy 2027–2030.

ACTIVITIES

The Asia–Europe Friendship Walk 2025

Theme: Footsteps for Greener Asia-Europe Connections

On 1 March 2025, ASEF hosted the first Asia–Europe Friendship Walk, celebrating strong partnership between Asia and Europe. Taking place in conjunction with ASEM Day (1 March) and ASEF Day (15 February), the event brought together ASEF Governors, embassy representatives from ASEM countries, youth participants, partners and ASEF staff for a dynamic and engaging walk through Singapore’s cityscape.

Starting at the Asian Civilisations Museum, passing through the Downtown area and concluding at Marina Bay Sands, the participants enjoyed a scenic route while engaging in interactive quizzes on sustainability and ASEF’s work. The lively atmosphere and conversations along the way reflected and reinforced ASEF’s mission of fostering dialogue, mutual understanding and stronger people-to-people connections between Asia and Europe.

2025 ASEF Lecture Series

I Panel discussion: “Shaping the Future: Soft Diplomacy in Asia–Europe Relations”

The 2025 ASEF Lecture Series was officially launched with a panel discussion on “Shaping the Future: Soft Diplomacy in Asia–Europe Relations”, exploring the role of soft diplomacy in building relationships, trust and cooperation between Asia and Europe. ASEF was honoured to welcome a distinguished panel of speakers: former Polish Ambassador to Thailand, the Philippines and Myanmar, Prof Bogdan GÓRALCZYK, Ambassador of the European Union to ASEAN, HE Ambassador Sujiro SEAM, National University of Singapore, Asia

Research Institute, Inter-Asian Engagements Research Cluster Leader, Prof Tim WINTER and Centre for Humanitarian Dialogue, Asia-Pacific Regional Director, Ms WU Ye-Min. Chair of the St Gallen Symposium Singapore Chapter, Mr Tommy KOH, moderated the session. Opening remarks were made by the Director of the Centre for Europe, University of Warsaw, Prof Kamil ZAJĄCZKOWSKI and ASEF Executive Director, Ambassador Beata STOCZYŃSKA. Deputy Executive Director Mr ZHANG Lei gave closing remarks.

II A Hungarian Explorer's Sojourn in Asia

The 2nd edition of the ASEF Lecture Series took place featuring an exclusive book launch at the Foundation's premises!

In collaboration with the Magyarország Szingapúri Nagykövetsége / Embassy of Hungary in Singapore and Sunway University Press, we explored the incredible journey of renowned Hungarian naturalist and explorer János XÁNTUS through the launch of the book "Xántus and/es Borneo: A Hungarian Naturalist in 19th Century Sarawak" by Drs Tamás KISS, Balázs VENKOVITS and Mr Christopher HIGGS. The book is a celebration of the 200th birth anniversary of the Hungarian explorer János XÁNTUS.

ASEF Deputy Executive Director ZHANG Lei and Hungarian Ambassador and ASEF Governor Judit PACH welcomed friends from the cultural sector, academia and diplomatic missions to meet and discuss the book with the author.

The book's three authors presented a glimpse into XÁNTUS' travels and discoveries through Asia and in particular, Borneo, followed by an animated panel discussion and book signing session. A truly inspiring afternoon of exploration, history and discovery!

III Finance in Asia–Europe Relations

The Asia–Europe Foundation was honoured to host Professor Dariusz WÓJCIK for the 3rd and final ASEF Lecture Series of 2025 on "Finance in Asia–Europe Relations".

The event was opened by Executive Director Ambassador Beata STOCZYŃSKA, who delivered welcoming remarks, setting the tone for an engaging lecture by Professor Dariusz WÓJCIK, Professor of Financial Geography at the National University of Singapore and Honorary Research Associate at the University of Oxford.

Professor WÓJCIK's presentation provided unique insights into the evolving financial landscapes across Asia and Europe, drawing from his latest book, *Atlas of Finance* and exploring how financial flows, institutions and innovations shape interregional relations.

The session concluded with closing remarks from Deputy Executive Director Mr ZHANG Lei, who emphasised the importance of strengthened Asia–Europe collaboration in finance to address emerging opportunities and challenges.

Communications

The ASEF Communications Department (COM) is responsible for ASEF's corporate communications and custodian of ASEF's brand and strategic messaging. We manage ASEF's digital communication assets, corporate publications and organise or publicise events to raise awareness of ASEF and its work across seven thematic areas. Every year, we hold a journalist-related project to facilitate networking opportunities between media professionals from Asia and Europe. COM is also administrator of the ASEM InfoBoard (AIB), a website mandated by ASEM Foreign Ministers in 2004.

Key highlights in 2025 include ASEF's brand refresh, enhancement of the ASEF website and launch of ASEF's Instagram account. As part of ASEF's outreach, we connected with ASEF Partner embassies and hosted a Sharing Session between four Aquatic Olympians and international school students. Ahead of international negotiations in Geneva, the ASEF Workshop for Journalists focussed on "Challenges of Dealing with Plastic Waste". We also piloted a new podcast series on the AIB to discuss key issues affecting both regions.

10 February 2025

To strengthen ASEF's digital presence, we launched the official ASEF Instagram account (@asiaeuropefoundation) in February 2025, to complement ASEF's Facebook, LinkedIn and X channels. Overall in 2025, we achieved a reach of 10,043,090 and 781,744 of engagements across all 15 ASEF social media platforms.

Culture

ASEF's work in Culture strengthens cultural relations by linking artists, cultural practitioners, arts organisations, public institutions, networks and museums across Asia and Europe.

We connect arts communities in the two regions through online platforms, hybrid residencies, arts festivals and bi-regional dialogue. We address existing gaps in Asia–Europe cultural cooperation by expanding access to information, strengthening professional capacities, facilitating dialogue and knowledge exchange and promoting artistic diversity.

The cross-disciplinary nature of our programmes brings together artists, heritage and museum professionals, arts administrators and policymakers, alongside experts from related fields such as environmental sustainability, media and academia.

At the policy level, we act as a conduit for the voices of arts communities, engaging governments in Asia and Europe, regional bodies such as the EU and ASEAN and international organisations including UNESCO. In parallel, we translate the recommendations of ASEM partners into concrete cultural initiatives and programmes implemented by ASEF.

Online
Throughout 2025

ASEF's arts and culture platform, culture360.asef.org, provides access to relevant and updated information on arts, heritage and the creative industries across Asia and Europe. Highlights from the project's year-round activities for 2025 include the launch of five new publications focusing on arts and sustainability and cultural mobility in Australia, India, the Philippines and Pakistan; five podcasts on mobility funding and sustainability; and, the 4th edition of Arts Journalism Matters, a capacity building programme for emerging arts journalists. Through both online and offline activities, culture360 engaged policymakers, arts professionals and researchers, further facilitating cross-cultural engagement and knowledge exchange across Asia and Europe.

The Arts Journalism Matters Fellowship, a hybrid residency and mentorship programme for emerging arts journalists, returned for its 4th iteration, in collaboration with the University of the Philippines Open University (UPOU). With this year’s theme of sustainability, the programme enabled three emerging journalists from the Philippines to reflect upon the significance of local approaches to sustainability within the creative sector, under the guidance of a mentor.

Opportunities for Mobility and More: Podcast Series

Online

First launched in 2025, the Opportunities for Mobility and More Podcast series expands on the insights gathered through the Mobility Funding Guides. This year, four new episodes were produced in conjunction with the launch of the updated Mobility Funding Guide for India and Australia. ASEF Culture invited researchers and other key industry figures to share their observations on the findings from the Guides, providing deeper analysis and food-for-thought on potential future developments in funding for arts and culture mobility.

Media Partnerships with ASEF culture360

Singapore, Indonesia, India, Japan

Since 2012, ASEF culture360 has supported over 69 arts events through media partnerships in Asia and Europe. This year's media partnerships supported the following events: the inaugural Guwahati Asian Film Festival in India; the International Community Arts Festival Hub Singapore; Belum-Sudah (Not-Yet) Performance Festival in Indonesia; the Dharamshala International Film Festival in India; and the Yokohama International Performing Arts Meeting (YPAM) in Japan. Through a variety of dedicated communication activities including articles, interviews and dedicated social media campaigns, the media partnerships aim to increase the visibility and outreach of the events and organisations selected beyond national or regional focus.

Asia–Europe Cultural Diplomacy Lab 2025

Online, Yogyakarta (Indonesia)
18–21 June 2025

The 3rd edition of ASEF LinkUp brought together 16 mid-career participants from the government and independent arts sectors in Indonesia to reflect on the topic of collective responsibility in cultural diplomacy. ASEF LinkUp continues to strengthen its role in shaping Asia–Europe dialogue on cultural policy and international cooperation. Following the in-person activities in Yogyakarta, the participants co-created the ASEF LinkUp Fieldbook, consolidating key insights and knowledge from the 3rd iteration of the “Lab”. The outcomes of this edition were also discussed during the roundtable “Rethinking Cultural Diplomacy Together: Perspectives from Asia and Europe”, organised in Barcelona, Spain in September as an official side-event of UNESCO MONDIACULT 2025.

Education

ASEF's work in Education connects youth and student leaders, teachers and educators, higher education leaders and policy makers across Asia and Europe. Through policy dialogues, capacity building activities and the creation of bi-regional networks, we contribute to innovation in the formal and non-formal education sector and towards the Sustainable Development Goals of the UN Agenda2030.

Education projects promote intercultural and intellectual dialogue and people-to-people exchanges and boost connectivity and quality of education across the ASEF member countries in Asia and Europe. As one of the key stakeholders of the ASEM Education Process, we bring the voices of students and universities into decision-making spaces and inform education policies with evidence-based research.

In the field of Education, ASEF implemented five projects, with 18 activities online and offline, engaged 2,000+ participants from 50 countries directly and reached 3,600,000 online audience among whom over 1,000,000 engaged with us.

The 6th ASEF Young Leaders Summit was a leadership development programme focused on the theme of “Leadership & Society 5.0” and incorporated three spheres for youth leadership: 1) self-leadership (you), 2) team leadership (we), and 3) societal leadership (all).

The programme brought together 89 Young Leaders from 50 countries from diverse academic and professional backgrounds across the two regions through four phases:

- **Navigators Training | June 2025, Warsaw, Poland**
Organised in partnership with and hosted by the College of Europe Natolin, the four-day training brought together 19 ASEFEdu Alumni for capacity building to prepare for their subsequent roles in programme as resource persons.
- **Knowledge Building Phase | July – August 2025, Online**
The five-week long online phase featured workshops, public webinars and interactive dialogues on the “Future of the Economy, Environment and People and Work”, reaching an additional 204 attendees.
- **Leadership in Action Phase | August – September 2024, Online**
The participants were put together in teams and were given the task to collate case studies for ways to solve societal challenges using technology in Asia and Europe – each group were working based on challenge statements developed in collaboration with the UNDP Movers Programme.
- **In-Person Youth Summit | 29 September – 5 October, Osaka, Japan**
Organised in partnership with the Japan Hub for Innovative Global Education (JIGE) and hosted by Kansai University between 29 September – 5 October 2025, the Youth Summit brought together 89 participants to Osaka, Japan for a week of people-to-people dialogue exchanges, networking and learning in a local context. ASEFYLS6 was organised in conjunction with Osaka World Expo 2025.

In 2025, recognising the value of connecting young professionals in Science and Technology Diplomacy, we delivered a series of learning opportunities for those engaged in international collaboration across Asia and Europe. These efforts were implemented through four key activities:

- Country Focused Workshop Series on “Navigating Science and Technology Diplomacy Ecosystems” | 15 April – 22 July, Online

This workshops series explored Science and Technology Diplomacy Ecosystems in Malaysia, Kazakhstan, Thailand and Indonesia. Each series examined the roles of Government, Academia and Research Institutions and Businesses shaping the national ecosystem.

- Science Diplomacy Workshop for Young Researchers and Policymakers in the ASEAN Region | 1–2 December, Manila, Philippines

Organised in partnership with the Philippines’ Department of Science and Technology (DOST) the workshop convened 12 emerging researchers and policymakers from ASEAN to explore how science diplomacy can address regional and global challenges.

- Asia–Europe Training on Science and Technology Diplomacy | 23 October – 4 December, Online

Organised for the first time by ASEF, this seven-week long online training gathered 107 young diplomats, government officials and research and science managers to develop their knowledge of science and technology diplomacy through webinars, workshops and simulation games. Selected webinars were open to the public.

- Asia–Europe Youth Summit on Science and Technology Diplomacy | 14–18 December, Copenhagen, Denmark

40 participants from 29 countries joined the Youth Summit, organised in partnership with the Ministry of Foreign Affairs of Denmark and the Central European Scientific Society for Innovation and Technology (CESSIT), alongside the 2nd European Science Diplomacy Conference, where they presented a Youth Communiqué to the wider diplomatic and scientific community.

The ASEF Higher Education Innovation Laboratory project continued with its sixth run under the theme “Universities’ Role in Developing Skills for an AI-Powered Future” focused on the collaborative development of academic papers and micro-credential programmes.

The ASEFInnoLab6 was the biggest edition to date, with 212 participants from 39 Asian and European countries engaged in the online Training and Team Building Phase from 14 May to 23 July 2025. Participants learned from experts, exchanged knowledge and drafted academic papers or micro-credential programmes in teams of four to six over seven weeks, with top performers getting invited to one of three conferences:

- Conference in Shanghai, China | 14–17 October 2025
Organised in partnership with Fudan University, the event brought together 33 colleagues from 19 countries to develop academic papers.
- Conference in Manila, Philippines | 3–7 November 2025
36 colleagues from 23 countries in the micro-credentials track were hosted at De La Salle University to develop their joint micro-credential programmes.
- Conference in Košice, Slovakia | 2–5 December 2025
The event hosted by the Pavol Jozef Šafárik University was held in conjunction with ASEM Education Expert Group on Digitalisation and AI and engaged 53 colleagues from 21 countries.

Project alumni can join the Asia–Europe for Artificial Intelligence (AE4AI) Network, which ASEF continues to foster.

Policy Dialogue:

20–21 November,
Bucharest, Romania

“ The ARC10 Policy Dialogue empowered me by demonstrating how meaningful collaboration between countries can shape more inclusive and forward-looking higher education policies. ”

Alibek MADIBEKOV,
Director, Higher Education National Development Center,
Kazakhstan

The ASEF Regional Conference on Higher Education (ARC) is the Official Dialogue Partner of the ASEM Education Ministers Meeting (ASEMME) and the only bi-regional dialogue platform for multi-stakeholder discussions that shape the education landscape in Asia and Europe.

The second year of ARC10 focused on facilitating the work of the ASEM Education Expert Group on SDGs and Education (EG1), where ASEF serves as co-chair along with the Malta Further and Higher Education Authority and the Ministry of Education of Thailand. The EG1 conducted three meetings online, and a fourth in a hybrid format as part of the ARC10 Policy Dialogue organised on 20-21 November 2025 in Bucharest, Romania as a side-event to the ASEMME10 first Senior Officials’ Meeting (SOM1). The Policy Dialogue titled “Reimagining SDGs and Education Post-2030” brought together over 20 policymakers and education leaders to exchange insights and jointly work on a communiqué for the 10th ASEM Education Ministers Meeting (ASEMME10) in 2026.

The 18th ASEFClassNet School Collaboration track empowered over 300 participants from 35 countries, secondary school teachers and leaders who developed 15 Innovative Teaching Practices together as key outcomes of their professional development training. The key capacity building activities were:

- Self - Team - and Action - Learning Phase | 12 May – 30 September, Online
From May to June 2025, participants engaged in expert-led webinars and workshops to build foundational knowledge of AI in Education (AIED). From June to August 2025, they worked in small teams with alumni mentors to collaboratively design an AI-integrated Innovative Teaching Practice (ITP). In September 2025, participants tested their ITPs in real classroom settings, applying what they learned and further strengthened their pedagogical skills.
- School Collaboration Conference | 6-10 October 2025, Maribor, Slovenia

The programme concluded with an on-site conference with 100+ attendees from 30+ Asian and European countries to showcase their work and celebrate the best work with ASEFClassNet18 Innovation Awards.

Initiated in 2025, the ASEFClassNet EmpowerEd Projects celebrate the leadership, creativity and courage of educators across Asia and Europe who are reimagining education in response to today’s most pressing challenges. Designed and led by ASEFClassNet alumni, this year we offered seven teacher-driven short courses for the broader community. The courses addressed real-world issues such as ethical AI integration, climate action, uncertainty, equity and wellbeing. Rooted in collaboration, inclusion and action-based learning, the EmpowerEd Projects engaged 213 participants from Asia and Europe. They demonstrated the power of educators as designers, innovators and changemakers, creating locally relevant solutions with global resonance.

“ **Leading an EmpowerEd Project virtually, then presenting it at the International AIED Symposium expanded my perspective on AI in Education, enabling me to engage not only as a classroom teacher, but also as a curriculum designer, teacher trainer and policymaker.** ”

Mr Yuqing LONG,
AI Coordinator and Mathematics Educator,
Tsinghua International University and School,
China

“ **A particularly empowering insight I gained while leading my EmpowerEd project was the realisation that AI’s greatest value in education lies not in providing answers, but in deepening questions. This shift empowers educators, moving us from knowledge transmitters to indispensable facilitators of complex, dialogic inquiry, elevating human roles in critical thinking and ethical judgment.** ”

Governance and Sustainable Development

ASEF facilitates policy dialogue between Asia and Europe in support of the implementation of the UN 2030 Agenda for Sustainable Development. In 2025, the thematic areas of Governance and Public Health were prioritised.

In the field of Governance, ASEF promotes informal, open and non-confrontational dialogue between civil society and government representatives, particularly in human rights. Furthermore, ASEF strives to enhance mutual understanding and cooperation among ASEM Partners by providing tailored capacity-building training for early-/mid-career diplomats and government officials engaged in public diplomacy efforts and the promotion of gender equality.

In Public Health, ASEF brings together governments, international organisations and civil society to promote multisectoral intellectual exchange on public health and related fields, with a focus on the COVID-19 pandemic and other emerging infectious diseases (EIDs) through the ASEF Public Health Network (ASEF PHN).

23rd Informal ASEM Seminar on Human Rights (ASEMHRS23)

Human Rights and Artificial Intelligence

Copenhagen, Denmark
29–31 October 2025

The 23rd Informal ASEM Seminar on Human Rights (ASEMHRS23) was held from 29–31 October 2025 in Copenhagen, Denmark and hosted by the Ministry of Foreign Affairs of Denmark. The Seminar brought together over 100 key stakeholders from Asia and Europe, including government officials, civil society, academics and national human rights institutions, to examine the intersection of artificial intelligence (AI) and human rights.

Over the course of the Seminar, participants examined how AI technologies, while offering significant opportunities for innovation, also pose risks to fundamental rights such as privacy, equality and access to justice. Through three working groups focused on Privacy and Data Protection, Equality and Non-Discrimination and Remedies and Access to Justice, participants

explored the ethical, legal and technical challenges of AI and underscored the need for clear accountability and effective remedies.

The Seminar concluded that stakeholders across Asia and Europe should collaborate to promote human-rights-based AI governance by strengthening institutions, exchanging best practices and fostering transparency, accountability and public empowerment. Independent oversight and alignment with international human rights standards were highlighted as essential to ensuring that AI serves society fairly and responsibly.

ASEMHRS23 will be followed by a capacity-building programme in Yogyakarta, Indonesia in March 2026, designed to deepen participants' understanding of human rights-based AI governance and to translate seminar discussions into practical action.

Riga, Latvia
19–21 May 2025

“ The programme combined in-depth knowledge with genuine connections, making it an enriching and inspiring experience. ”

ASEF WPS participant

ASEF held the Capacity-Building Programme on Women, Peace and Security (WPS) from 19–21 May 2025 in Riga, Latvia, hosted by the Ministry of Foreign Affairs of the Republic of Latvia and organised in partnership with Security for Women (Latvia). The programme convened 20 junior and mid-career diplomats and 27 speakers and trainers from ASEM member countries, representing government, academia, civil society and national human rights institutions.

In the course of the three-day programme, participants examined key WPS issues, including gender equality, gender-based violence in conflict-affected contexts and the role of diplomacy in advancing women’s participation in peace and security. Discussions highlighted international frameworks such as *UN Security Council Resolution 1325*, which marked its 25th anniversary in 2025, as well as the value of cross-sector collaboration and the need for behavioural change in diplomatic practice.

The programme concluded with a call for ethical leadership, inclusive diplomacy, and sustained international cooperation to advance the Women, Peace and Security agenda.

Online Training:
15 September –
23 October 2025

Face-to-face Training:
1–5 December 2025,
Singapore

The 13th edition of the ASEF Public Diplomacy Training (ASEFPDT13) concluded its final edition of online and face-to-face components. The programme brought together 27 junior diplomats from ASEF partner countries.

Participants first completed a multi-week online training designed and delivered by DiploFoundation, focusing on contemporary public diplomacy funded by the Swiss Federal Department of Foreign Affairs. Participants then progressed to the face-to-face component, hosted in collaboration with the Singapore Ministry of Foreign Affairs and funded by the Ministry of Foreign Affairs of the Netherlands.

The training opened with an interactive session and panel discussion featuring Ambassadors and academics from Asia and Europe, reflecting on trust, influence and cooperation in public diplomacy. ASEFPDT13 placed particular emphasis on public diplomacy in an evolving geopolitical context, with sessions on artificial intelligence, e-diplomacy, branding and strategic communications. The programme was further enriched by institutional visits, case studies, cultural activities and a fireside chat with Ambassador-at-Large Tommy Koh, offering participants valuable practitioner insights.

Stockpile

The 9th ASEM Foreign Ministers' Meeting in 2009 authorised the project initiated by Japan and co-sponsored by Hungary, Republic of Korea, Lao PDR, Mongolia, Pakistan, Poland, Singapore, Thailand and Viet Nam aimed at strengthening ASEM Partners' capacity to manage public health emergencies. ASEF was requested by the Ministers to act as the implementer of this project. The project consists of two components and these activities are financially supported by the Government of Japan through its Second and Third Trust Funds (JTF2 and JTF3). The JTF2 Stockpile Project aims to enhance ASEM Partners' capacity for pandemic preparedness and response to the emergencies such as the outbreak of pandemic influenza by stockpiling antiviral drugs and personal protective equipment (PPE) for rapid delivery when needs arise, partnering with the World Health Organization Western Pacific Regional Office (WHO/WPRO) and Japan International Cooperation System (JICS). The JTF3 Stockpile Project aims to strengthen preparedness and response capacities to the COVID-19 and the other emerging infectious diseases in and around ASEM countries by stockpiling and distributing critical resources, partnering with WHO Regional Office for Europe (WHO/ Europe) and the International Federation of Red Cross and Red Crescent Societies (IFRC).

Assistance for the WHO Emergency Response for COVID-19, Vaccine-Preventable and Infectious Diseases in Ukraine and Refugee Hosting Countries

Kiev, Ukraine

10 December 2025

In March 2025, ASEF renewed commitment with a USD 10 million contribution from the Government of Japan. This third phase of Japan's contribution, through ASEF's Stockpile project, provides the WHO with additional assistance in delivering critical healthcare services to meet the urgent health needs of refugees and internally displaced people in Ukraine and neighbouring countries such as Bulgaria, Czech Republic, Poland, Romania, Slovakia and non-ASEM member, Moldova.

As a part of the project, PCR kits and other diagnostic reagents for the detection and differentiation was officially handed over to laboratories on 10 December 2025. ASEF's Executive Director, Ambassador STOCZYŃSKA joined online for the Stockpile handover ceremony in Kiev and reaffirmed ASEF's commitment to support the resilience and recovery of Ukraine's health system. The contribution from ASEF significantly reinforced the essential medical supplies and enhanced overall technical health capacity in Bulgaria.

Collaboration with the IFRC to Strengthen Preparedness and Response to Covid-19 and Other Emerging Infectious Diseases in Asian Countries

Southeast Sulawesi, Indonesia

11 April 2025

ASEF has collaborated with IFRC for a two-year project worth USD 10 million aimed at strengthening preparedness and response to COVID-19 and other infectious diseases in Asia. Medical devices, cold-chain equipment for vaccines, personal protective equipment and others has provided to the five ASEM partners, namely, Bangladesh, Indonesia, Malaysia, Pakistan and the Philippines.

As a part of the project, on 11 April 2025, ASEF handed over three ventilators to the Indonesian Red Cross (PMI) Hospital in Southeast Sulawesi. ASEF's Executive Director, Ambassador STOCZYŃSKA joined the handover ceremonies and reiterated the importance of the project. The ceremony demonstrated the strong collaboration between the Government of Japan, ASEF, IFRC and PMI to strengthen services for communities in Southeast Sulawesi.

Meeting with WHO Western Pacific and on-site visit to the Emergency Operation Room

Manila, Philippines

3 November 2025

ASEF Deputy Executive Director Mr ZHANG Lei reaffirmed the importance of our collaborative Stockpile project with the WHO Regional Director for the Western Pacific, Dr Saia Ma'u PIUKALA.

Generously supported by the Government of Japan, the project has significantly strengthened health security systems in the region, not only for influenza pandemics but also for other public health emergencies, thereby enhancing preparedness for future health threats. ASEF appreciated WHO Western Pacific and all implementing partners for the continued progress of the project and looks forward to further joint efforts to strengthen capacities for pandemic preparedness and emergency response.

ASEF at ASEM Events

ASEF Education 1st Senior Officials' Meeting (ASEMME10 SOM1)

18–19 November 2025,
Bucharest, Romania

The ASEM Education Secretariat and the Romanian Ministry of Education and Research co-organised SOM1 with the theme “Connecting Education, Fostering Collaboration between Asia and Europe”. This event gathered over 70 senior officials from partner countries and key stakeholder organisations from the two regions to strengthen interregional dialogue and cooperation, as well as reinforce preparatory momentum for the 10th ASEM Education Ministers' Meeting (ASEMME10) in 2026.

As a key stakeholder organisation, ASEF shared achievements and plans for the upcoming year under two important agenda items. Lead for Higher Education Projects Ms Cleo CACHAPERO co-presented the latest achievements of the ASEM Expert Group on SDGs and Education. She also shared a snapshot of the ASEF Education Department's project milestones and partnerships in 2025 and its full lineup of projects for the coming year.

ASEM Education Expert Group on SDGs and Education (EG1) Meetings

Throughout 2025,
Online & in Bucharest, Romania

In 2025, the ASEM Education Expert Group on SDGs and Education took a fresh direction under a new workplan, which ASEF helped to draft as one of its Co-Chairs. The EG1 held four thematic meetings, each gathering 20+ representatives of ASEM member countries and stakeholders in higher education policymaking:

1. “Setting the Scene: Where Are We, and What Lies Beyond 2030?”, 26 March, online
2. “Rethinking Educational Equity: From Access to Real Inclusion”, 22 May, online
3. “Learning Cities of the Future: Building Inclusive and Equitable Learning Ecosystems” jointly with the Expert Group on LLL and TVET, 10 September, online

“Reimagining Education and Sustainable Development Post-2030”, 20 November, hybrid as part of the ARC10 Policy Dialogue in Bucharest, Romania

The EG1 will follow up on this groundwork in 2026 to cover a comprehensive set of topics in preparations for the 10th ASEM Ministerial Meeting (ASEMME10).

Digital Transformation

Modernising our Digital Presence

Modernising our Digital Presence

In 2025, the Digital Transformation (DX) department successfully executed a major migration of the Foundation's core digital assets to a high-performance infrastructure. Working closely with the Communications Department for the ASEF and AIB websites and the Culture Department for the Asia–Europe Cultural Festival (AECFest) website, DX managed the technical transition to a new data centre environment. By modernising our hosting architecture, we achieved high system availability and significantly enhanced the stability, security and speed of these vital engagement tools for our global audience.

Streamlining Operational Efficiency

We implemented a new integrated spend management solution. This project focused on aligning global cloud-based software standards with optimised internal financial processes. Following successful testing, Phase 1 went live in late 2025, automating procurement workflows and expense tracking. This transition has enhanced organisational agility and financial transparency through a more streamlined, user-friendly interface for all staff.

Building Digital Trust

To ensure the Foundation maintains the highest standards of organisational integrity, we established a comprehensive Data Protection and Information Security framework. These policies specifically align our internal processes with the Singapore Personal Data Protection Act (PDPA) and international best practices. This framework is reinforced by our ongoing cybersecurity awareness programme. Through continuous phishing simulations and staff training, we have maintained a high level of vigilance and a proactive culture of incident reporting across the organisation.

³ Previously known as Operating Fund

⁴ Previously known as Total Project Fund (Incl Trust Fund)

This table (denominated in Singapore dollars) lays out the receipt/receivable of funding from ASEF members countries by calendar year for reference.

The financial year for Years 1997-2005 was from 1 April to 31 March. In 2006, the financial year was changed to end on 31 December.

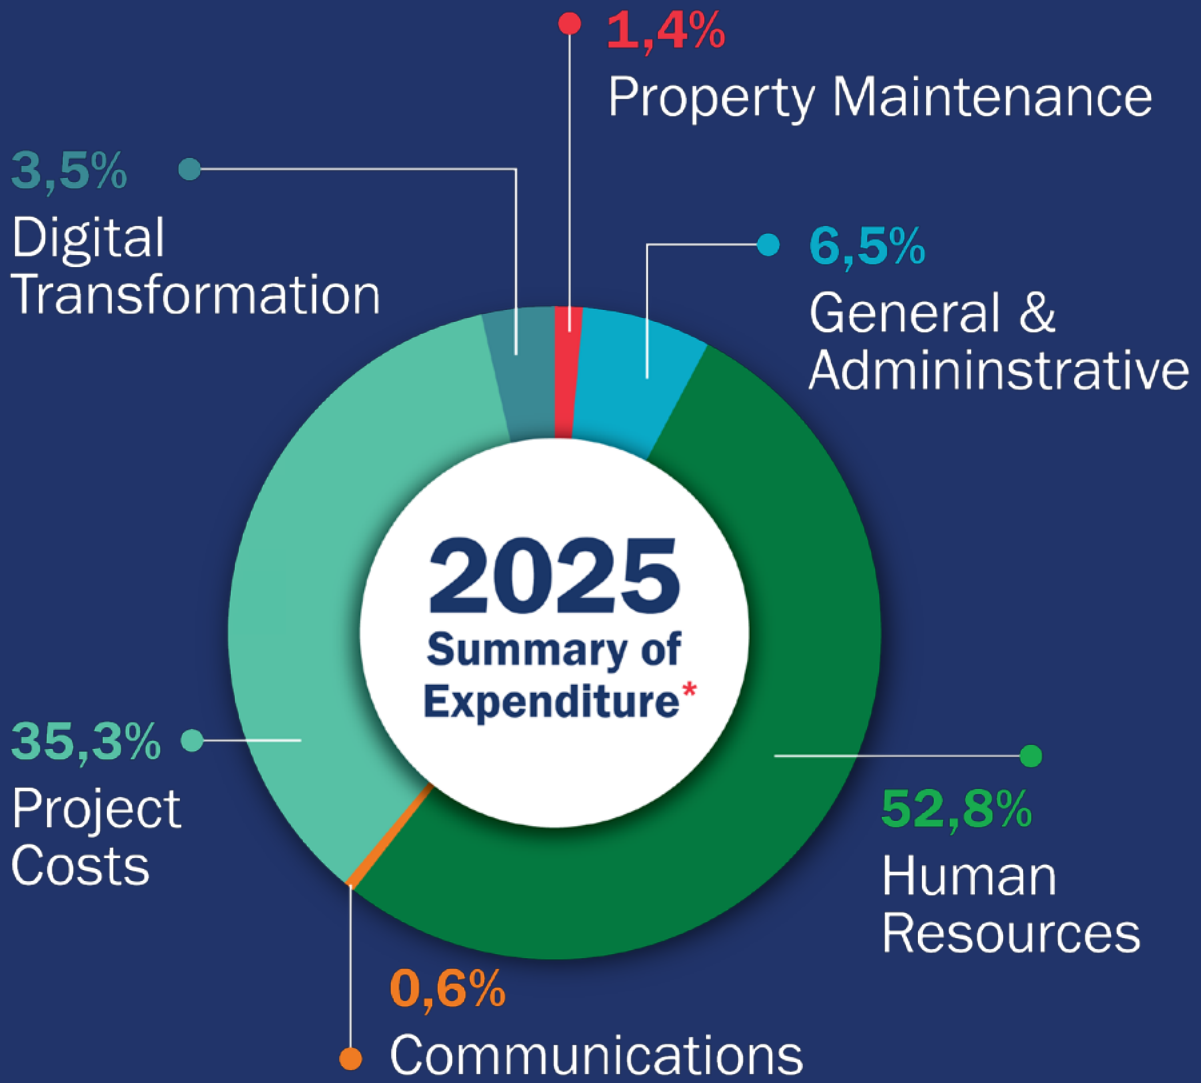

Audit scheduled for Q2 2026

Note:

Receipts have been converted to SGD at transaction date rates.

The contributions received from ASEF Members are placed under the following funds in accordance with the declarations made by the contributors:

1. General Contributions received are utilised for the operating requirements of ASEF.
2. Earmarked Contributions received are utilised for the funding of projects. In the case of trust funds, contributions received are ear-marked for specific projects, the utilisation of which requires prior approval from the contributing member.
3. Reserve Fund Contributions received are invested, with income generated being used to finance activities of ASEF if necessary.
